REVISED CIVIL DEFENSE

# AIR RAID INSTRUCTION

Published By The Federal Civil Defense Administration

---

## EVACUATION SIGNAL

A steady blast of 3 to 5 minutes on sirens, whistles, horns or similar devices.

### WHAT TO DO

**Evacuate** your family according to plan. Don't forget emergency rations, clothing, supplies.

**Do not** use the telephone.

Check your AM radio (640 or 1240kc) for detailed instructions.

Obey your police and civil defense instructions.

## TAKE COVER SIGNAL

Wailing tone or short blasts for 3 minutes on sirens, whistles, horns, or similar devices.

### WHAT TO DO

**At Home:** Get into your home shelter immediately. If you have none, shut all outside doors and windows and take cover in the basement or an interior first-floor room.

**Outdoors:** Seek the best available cover.

**Stay Put** until you get word to come out.

**Important:** If you see a bright flash of light, take cover instantly.

## Report of the Selectmen

To the Inhabitants of the Town of Eliot:

A Selectman's job is a lesson in community spirit, fair play, selflessness, humility, and a great responsibility toward his fellow man. It is a privilege which should be shared by more civic minded citizens. To work for all, without favor, gives a fine feeling of satisfaction.

His is no easy path to follow. From all sides come different attitudes because no two persons are alike. This makes for an interesting situation but many times the Selectman goes around in a whirl which seems endless. To act for the welfare of all and at the same time be fair to the **individual** is a real problem.

We believe that more long term planning on important projects is in order. Over-eagerness in getting a program into operation as quickly as possible sometimes leads to ultimate waste, and causes extra and expensive alterations in the future.

We recommend that during the current year, several conferences, with all Boards discussing their various problems, would be of great value, and would develop conclusions of importance.

In spite of the stress and strain of living in this modern world of continuing inflationary tendencies and rising taxes, the large majority of the good people of Eliot have shown themselves to be strong and self-reliant, and by their assistance to the Selectmen, have made a worth-while contribution to the Town.

During the annual town meeting, one and all

have the opportunity of expressing their opinions on all matters. It seems that sometimes because of shyness, good intentions, etc., that the individual does not speak up where it would do the most good: at Town meeting. There is the true spirit of democracy. It is the responsibility of everyone to take action to influence the correct procedure in matters at hand. It is too late after the meeting has been concluded.

Selectmen act as your agents and can only follow your instructions as expressed at the Town meeting. Accordingly, the taxes go up or down as the result. It is your responsibility to act properly that you have no regrets when the tax bills come out later in the year. On your shoulders rest the final ultimate results.

Our grateful thanks to the many who gave us good council and the benefit of their long experience in Town matters.

**IMPORTANT****All Taxpayers Should Read the Following Requirements and Comply With Them.**

Chapter 92, Section 36 of the Revised Statutes of Maine, 1954 requires the Assessors to give notice to bring in lists of taxable property; if no lists are brought in, NO CLAIM FOR ABATEMENT.

“Before making an assessment, the assessors shall give seasonable notice in writing to the inhabitants by posting notifications in some public place in town, or shall notify them in such other way as the town directs, to make and bring in to them true and perfect lists of their polls and all their estates real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner after such notice, or any non-resident owner after being reasonably requested thereto by the assessors, does not bring in such list, he is thereby barred of his right to make application to the assessors or the county commissioners for an abatement on his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed. The request upon non-resident owners may be proved by a notice sent by mail directed to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayer.”

In accord with the above, all resident and non-resident taxpayers are hereby requested to bring into the assessors true and perfect lists of their polls and all of their estates, real and personal, as of April 1, 1960. The mailing of this copy of the town report

to non-resident taxpayers will be considered a reasonable request as required by the law.

The polls of all persons who have attained the age of 70 years are now exempt under Chapter 91A, Section 10, Revised Statutes of Maine, 1954.

---

### NOTICE

The assessors will be in session at the Municipal Offices on the 6th and 7th of April, from 7 p.m. to 9 p.m. for the purpose above stated.

---

### ATTENTION DOG OWNERS

Chapter 100, Section 10 of the Revised Statutes of Maine, 1954, requires: "On or before the first day of April of each year, the owner or keeper of any dog six months old or over shall apply to the city or town clerk either orally or in writing, for a license for each such dog owned or kept by him."

Chapter 100, Section 13 of the Revised Statutes of Maine, 1954, notice: "Whoever keeps a dog contrary to the provisions of Section 9 to 28, inclusive, shall be punished by a fine of not more than \$25 to be recovered by complaint before any trial justice or municipal court in the county where such owner or keeper resides."

## Report of Planning Board

To the Selectmen of Eliot:

Due to the complexity of the many problems involved, the Planning Board is still in the process of preparing a type of zoning plan for the Town.

We find that preparing a zoning plan for a town such as Eliot presents many problems, such as the following:

1. We have no definite residential area.
2. We have no definite commercial area.
3. We have no definite recreational area.
4. We have no definite industrial area.

However, we do have all of the areas mentioned above intermingled to make up a very fine town.

During the past year, many residents of Eliot have expressed concern pro and con in regard to zoning.

On advice received from legal counsel and other professional men in this field, we feel that a mild form of zoning, tempered to fit all residents, that is; giving protection to property owners, but at the same time not too restrictive, would be the answer.

We hope to have a practical program worked out and ready for presentation in the not too distant future.

The Planning Board wishes to thank all persons

concerned for their interest and comments during the past year.

Respectfully submitted,

Planning Board of  
Town of Eliot

## Town Clerk's Report

In accordance with Section 4, Chapter 320, of the Public Laws of Maine, 1945, the Vital Statistics are not published.

### REPORT OF DOG TAXES

Number of dogs listed:

Male	223
Female	23
Spayed Female	124
Kennels	6
Amount sent to State Treasurer	\$588.40

Respectfully submitted,  
 MARY MARSTON  
 Town Clerk

---

**NOTICE TO DOG OWNERS — 1959**

Your 1960 DOG LICENSE will be due and payable on April 1, 1960. The fee for this license is Males and Spayed Females \$1.40, Females \$5.40, Kennels \$9.90 or \$19.90 according to the number of dogs.

If unpaid by June 1, it will be given to an officer for collection and an extra fee charged, as permitted by law; then if unpaid you may be summoned into court, which will cost several times the cost of the license.

Do NOT look for any bill from the Collector or Town Clerk.

This is a license, not a tax, and it is your responsibility to see that it is paid.

See Revised Statutes, Chapter 100, Section 14, 1954.

---

Balance, February 10, 1960	\$ 4,158.43

Respectfully submitted,  
MILDRED R. PLACE,  
Treasurer

---

## William Fogg Library

To the Selectmen of the Town of Eliot:

The Trustees of the William Fogg Library acknowledge with appreciation the action of the voters of the town making possible the repairs necessitated the past year on the Library building. It was necessary more the past year as repairs to the roof and gutters came to nearly Two Thousand Dollars (\$2,000.00).

Our general expenses have increased over the years but the trustees feel prudence has been exercised over all these expenditures. However necessary repairs and painting will continue to face us. In our request for this year's appropriation we continue to ask for as little as we believe will see us thru and permit us to give the service we feel the townspeople deserve.

We are very fortunate in having an efficient and loyal staff of employees. Without them the trustees would be unable to render the service now given. Our thanks indeed to them.

The "Friends of the Library" also have donated time and services to increase the interest in and the

well being of the Library. We are very grateful. At all times the trustees welcome the comments of the townspeople.

Respectfully submitted,

BLANCHE M. BRISKAY

The librarian submits the following report to the selectmen and the citizens of Eliot.

It has been a good year in the William Fogg Library. The circulation of books and magazines this last year was 15,852 — the largest since I have been librarian. There has been a steady increase in the number of patrons. 123 new cards were signed half of which were juveniles. 414 books were added to the library. 10 of these were memorial books; 85 others were gifts from individuals, publishing houses, the government and The Garden Club and the Melody Club. The memorial books were given in memory of Harold Marston, Miss Elizabeth Bartlett, William Kennard and Dr. James K. P. Rogers and Angie Dame Rogers.

The librarian wishes to thank all those who have given new books to the library. She also wishes to thank those who have given used books for the

Annual August Sale. The income from these books helps us to buy more new books for the library.

There has been increased co-operation with the schools this year. A new experiment is being tried with the grade schools. Bus drivers have taken boxes of books to the three grade schools for pupils from grade 3 through 8. This enables boys and girls who cannot conveniently come to the library to take books from the school and return them there. I greatly appreciate the cooperation of Mr. Freese and the teachers.

Again with the help of Mr. Freese and the bus drivers, we continue to have a story hour every other Wednesday for grades 1 through 4. A fine group of mothers take turns telling the stories. The average attendance is 19. The Summer Reading Club during the vacation continues to hold their interest.

Many High school students are making more use of the reference room in the library. This is supplemented by books from the State Library. I have sent for over 100 books to help students with their "research papers".

The Friends of the Library have had four interesting meetings and sponsored National Library Week with an attendance of over 150 at their open house and tea. National Library Week will be from April 3 to 9 this year and will be in charge of "The Friends".

The Garden Club provided garden flowers during the summer and decorated the library for Christmas. This was appreciated and enjoyed by all our visitors.

In August, 1959, the trustees appointed Mrs. Wm. Murphy Jr. as assistant librarian. She has been a great help in the library work. We have a building to be proud of and we are trying to meet the needs of all our patrons. We invite all citizens of Eliot to use the library. If you have never visited us, come in and get acquainted. The library hours are Wednesday and Saturday from 2-5 and 6:30-8:30.

Respectfully submitted,

FLORENCE B. SIMONDS,  
Librarian

## Eliot Fire Department Report 1959

I herewith submit my annual report for the Eliot Volunteer Fire Department.

First I would like to thank the officers and men of the Fire Department and the town officials for their cooperation throughout the year.

We had twenty-five local and four out-of-town calls for "Mutual Aid." Eleven of these fires were during the month of April.

A Ladies Auxiliary was formed this year. They meet once a month at the fire station.

The Junior Firemen have been in operation now for a year. They have been a great help to us in fighting numerous fires. This fall they received a very extensive course from the State Forestry Department on "Forest Fire Fighting."

The fire station on Main Street has been completely painted on the outside, and the upstairs meeting room has been redecorated. Our hall's appearance has been greatly improved by the addition of curtains supplied and hanged by members of the Ladies Auxiliary.

Twelve of our firemen attended the N. H. State Firemen's School. This school was sponsored by the N. H. State Fire Chief's Club, and was held at Fitzwilliam, just outside of Keene, N. H. Our firemen attended this school on their own time and at their own expense. We hope that more of the members will be able to participate next year. We will also have a course at the local fire station this year. It

will be given by the State Forest Warden. The topic to be studied will be "Forest Fire Fighting."

Through the auspices of our local Civil Defense Director we were able to get a 300W portable light generator and a 1952 International truck. The truck is being converted into a tank truck to take the place of the older tanker. The capacity of the tank will be approximately eight hundred gallons. This conversion work is being done by our men.

The New two channel radios have been installed and the two old sets are being converted to meet the new Federal Communications Commissioner's standards. One of our channels is on the State of Maine fire emergency band, the other channel is a combination band — Portsmouth, Dover, Newington, Rye, N. H. — So. Berwick, Kittery and Kittery Point will be on this band sometime this summer. This will speed-up our Mutual Aid responses tremendously.

The new siren is ordered and should be installed by now. We hope to be able to alert a much larger area with this new alarm.

The State Fire Inspector has made a complete inspection of all schools, service stations, Town Hall, rest home, and homes that board state children. He made a few recommendations for fire preventions. These recommendations have been carried out.

We hope during the spring that the Kittery Water District will be able to overcome the trouble we've had with Langley Lane and Fore Road hydrants.

Our "Red Phone System" has been extended. The phones are at the fire station, Mac's Service Station, and at the homes of Mr. George Shapleigh, Mr. Malcolm Davis, and Chief Elwyn Zamarchi. In an emergency call ID 3-1355. All five of these phones ring simultaneously, thus insuring you of instant response. There is a button at each phone which activates the alarm. The "Red Phone" should be used for emergency only! We receive many unnecessary calls that could tie up the system in case there is an emergency.

Once again, I wish to express my appreciation for the splendid cooperation rendered me by my colleagues, town officials, and the general public.

Respectfully submitted,

ELWYN G. ZAMARCHI

Fire Ward

---

## Report of Eliot Civil Defense Unit

The year of 1959 has been a good year for the Civil Defense unit. We have purchased equipment for several departments at a cost of less than \$800.00 and the equipment is valued at more than \$4,500.00. In the year of 1958 and 1959 we have had

no Civil Defense Headquarters, we are in hopes of accomplishing this in 1960.

Our unit sponsored a First Aid Course and we plan to sponsor more this next year.

We have had some disappointments on some things and gained benefits on others, I sincerely hope we can continue improving each year.

As stated in last year's report, we still need more people who wish to assist in Civil Defense work, your help will be appreciated and welcomed. I wish to thank the entire Civil Defense Staff and members for the fine work in 1959 and again hope for a better year in 1960.

Respectfully submitted,

EDWARD H. VETTER  
Civil Defense Director  
Eliot, Maine

---

## Trustee's Report of the Eliot Water District

A hearing was held at the Eliot Town Hall on March 26th by the Public Utilities Commission for the proposed River Road loop extension.

Because of the dissension following that hear-

ing, a meeting was called for May 2nd to determine whether the majority of the present water users were willing to accept the Water District as proposed. As a majority of the present water users voted against activating we requested the withdrawal of our petition from the Public Utilities Commission.

Due to this change the District now has outstanding debts of \$2,777.64, with a cash balance of \$23.00.

At our annual meeting held on February 1, Ralph Hughes was elected as trustee.

Respectfully submitted,

RALPH K. CHASE  
J. LYNDON LEAVITT  
VERNON L. WARNER  
Trustees

---

## Report of the Eliot Health Council

To the Citizens of the Town of Eliot, Maine.

I herewith submit the annual report of the Eliot Health Council:

Members of the Eliot Health Council have voted the sum of \$200 throughout the past year to equip a clinic room in the primary school. The purpose of the project was to assist the town in meeting standards of accreditation as set by the state through a clinic room.

Although the council realizes the use of the room for any length of time is uncertain, it was felt that any service and equipment we could furnish for the benefit of our children warranted our interest and efforts.

The monthly meetings of the Child Health Conferences have continued throughout the year with Dr. Thomas S. Conroy, attending physician, assisted by Mrs. Marea L. Clements, public health nurse, and Mrs. Harry A. Walker R.N., conference chairman, supervising the clinic.

The dental health program was carried out last year with the program running into the summer months due to the shortage of a dental hygienist. Mrs. Rufus G. Jasper, dental chairman, has applied for a 1960 contract, and it is hoped that an earlier date may be set if a hygienist is available.

Under the chairmanship of Mrs. Kenneth Moulton, assisted by Mrs. Wilbur H. Place and Mrs. Robert W. Allain, 173 pupils were given physicals by Dr. Conroy in the school physical program.

May we remind the citizens that we have available for their use a loan closet where families experiencing illness may borrow hospital beds, wheel chairs, crutches, and other sick room equipment. Mrs. Charles E. Powell is chairman and may be contacted at any time.

During Diabetic Week in November, 301 urine specimens were tested with the results being one positive and ten questionable cases reported. Of this total were 153 school children who participated in the program.

The council recently went on record as approving

a salary adjustment for Mrs. Clement as it was felt that, in many cases, she serves this town over and above her regular duties.

We wish to thank Dr. Conroy for his outstanding cooperation and for the support of the townspeople in the programs we offer.

Respectfully submitted,

DOROTHY M. EVERSON  
Secretary

---

## Report of Health Officer

To the Selectmen and the Citizens of Eliot:

I herewith submit my report for the year ending January 31, 1960.

The number of communicable diseases reported during the past year are as follows: chickenpox 5, measles 1, scarlatina 1, scarlet fever, 2, mumps 5, german measles 2, infectious hepatitis 1 and 6 dog bites were also reported. I cannot emphasize enough, the importance of reporting these diseases.

During the year of 1959 and 1960 several new changes have taken place in your health department. I obtained the services of Dr. Thomas Conroy, M. D., of Portsmouth, N. H., as physician to assist me in my work. He is available for the clinics and at other times requiring the advice of a physician. I have made myself available in the school two mornings a week, Monday and Thursday from 8:15 a.m. until 9:30, for the parents who wish me to sign health certificates for admission to school, problems

the teachers have, and conferences with the principals.

At the annual clinics which were held last spring the following immunizations were given: Diphtheria, whooping cough, and tetanus 79, small-pox vaccinations 26, first, second, and third polio 45. This year I am planning to hold my first clinic in February and the usual immunizations will be given plus first, second, third, and fourth polio.

The Health Council has given the equipment to outfit the clinic room of the Primary school which I use for my work. The schools are enjoying the use of this room. The Red Cross of Eliot has also ordered a complete First Aid Cabinet to be kept in this room and used as necessary for the schools.

On December 12th the State Department also approved my reappointment of Daniel Kroska as Plumbing Inspector and Wesley Remick as Alternate for the year.

I would like to thank Dr. Thomas Conroy, M.D., the teachers and principals of the schools, the Health Council, Mrs. Clements, the former Health Officer, the selectmen and the citizens of the town for their help in making my first year a successful one. I look forward to future contacts with these wonderful people.

Respectfully Submitted,

HELEN R. VETTER, R.N.  
Health Officer  
Eliot, Maine

## Report of Public Health Nurse

The primary purpose of public health nursing is to provide nursing service to people at home, at school, and in clinics, so that individuals, families and the community as a whole will be helped to achieve and maintain optimum health. Public health nursing is one of the basic health services that contribute to a healthy and happy way of life.

Counseling in the home is without doubt the public health nurse's greatest contribution whether it is to the mother before her baby is born or after he is half-grown, or to adults with health problems.

Keeping the individual and the family well is her aim. For this reason we hold monthly child health conferences and school physical examinations for seemingly well children. We confer with teachers and visit homes to help iron out physical and emotional problems.

Twelve child health conferences were held this past year. Forty-two babies and 108 preschool children made 251 visits for examinations and immunizations, by doctor T. S. Conroy of Portsmouth. The new four-in-one whooping cough, diphtheria, tetanus, and polio vaccine was introduced in August. This saves the baby at least two inoculations in the completed series of immunizations for these diseases.

Statistics for 1959 are as follows:

Smallpox	39	4 boosters
Whooping Cough	46	43 boosters
Diphtheria	46	43 boosters
Tetanus	46	43 boosters
Polio	60	19 boosters

These figures are double those of the past few years though the number of visits to the conference is only slightly higher than in 1956 and 1957. 1957 was the "boom year" as polio immunization for young children really got under way then, so it cannot be included in the comparison to get a true picture. Even without 1957 these figures would indicate that the program for young children is appreciated. Here the mothers are present for the examination. This definitely is advantageous and is our aim for the school health program in grades three and six.

Of the 110 pupils in these two grades examined at school, 17 were accompanied by their parents. Other parents are missing an opportunity to talk to the doctor about the children's physical conditions.

The following defects were found this year:

Sugar or Albumin in Urine

Elevated Blood Pressure

Wax in the Ears

Heart Murmurs

Ear, Nose and Throat Defects

Sixty-three athletes and students of grades nine through twelve were also examined making the 1959-60 school year total 173. Parents not present were notified of any defects found. Home visits have been made to help when necessary to make plans for corrections. Many have already been completed.

Visual acuity has been rechecked by the nurse at the teachers' requests. Any whom we felt needed a more thorough examination were reported to the parents. Serious conditions have been found and needed care given.

Hearing tests with the audiometer will be given early in the new year. The State, Maine Medical Center, York County Tuberculosis and Health Association and New Hampshire clinics have been used when needed.

A successful Diabetic Detection clinic was carried out through the efforts of your Eliot Health Council which gives valuable service to your town.

It is wisely said that public health is people, who are so concerned with good health for themselves, their neighbors, and their community that they work for this priceless possession. This wise saying guides us well, for nowhere in our State do we have the number of public health nurses we need to give all the services we would like to give. It follows, then, that a successful public health nursing program does, and indeed should, depend largely upon the interest, support, and volunteer work of the local people, individually and through organized group effort. The public health nurse gives directly those services that require her special professional nursing skills and gives leadership and counsel to the townspeople in developing, cooperatively, the health programs most suitable for their own community.

May I take this opportunity to thank the health council, Doctor Conroy, and all those who have helped make this program a success.

Respectfully submitted,

MAREA L. CLEMENT, R.N.  
Division of Public Health  
Nursing

## Report of the Superintendent of Schools

To the Superintending School Committee and Citizens of Eliot:

In compliance with Paragraph 3, Section 87 of Chapter 41 of the Revised Statutes of 1954, as amended 1955, I herewith submit the annual report of the Superintendent of Schools.

This report is history making in that it is the last report from School Union No. 5 as it is presently constituted. On December 7, 1959 the Superintending School Committees of the towns of Berwick, Eliot, Lebanon and South Berwick in joint session voted unanimously to accept the dissolution of the present school union into two new unions as approved by the State Board of Education, effective June 30, 1960. The new unions will be composed of Berwick and Lebanon as a new School Union No. 8 and Eliot and South Berwick as a new School Union No. 5.

There are several reasons for the dissolution of the present school union. First of all, there have been tremendous changes during the last quarter of a century. New conditions have brought new problems and new needs.

During the ten year period of 1948-49 school year to the 1958-59 school year the pupil population has increased from 1650 pupils to 2250. On the opening day of school on September 7, 1959 the enrollment for the union had increased to over 2300.

During this same period of time the number of

teachers have increased from 62 to 102. On a percentage basis these increases are significant.

In addition to the growth in pupil and teacher enrollments, each town has a school building problem of its own. In South Berwick a new high school is under construction. This makes a total of three high schools, at the present time, which is more than is usually found in one school union.

There is every reason to believe that the new school unions should be very successful from an educational standpoint. With two towns to serve in place of four and a corresponding decrease in the number of school boards, budget committees, boards of selectmen, and four sets of financial records, it will allow the superintendent of schools to devote the time to supervision so essential to the operation of a school system. It has been pleasant working with these different groups, and I shall miss the associations. However, the time came when the demands were simply beyond the capacity of any individual to fill. There is simply no law of Physics that makes it possible for a man to be in more than one place at any one time.

Some will ask regarding the expense of the new arrangement; the answer is comparatively simple. In the first place, the superintendent's salary will be subsidized by the state at a fixed sum of \$1,350 which leaves a balance from his gross salary of \$7,150. This sum is paid in equal amounts by the towns of Eliot and South Berwick. Eliot's share will be \$3,575, but it will also be subsidized at 49% the same as teachers and all other school maintenance items. This leaves a net cost to the town of \$1,823.25. From this salary the Superintendent pays

for his traveling expenses amounting to approximately \$1,200 yearly.

Schools began, technically speaking, on Monday, September 7, 1959, for the opening of the new school year. As this was a legal holiday, the doors of the school were not actually opened until the following day, Tuesday, September 8. On this date the teachers of Eliot met for a morning meeting with the superintendent of schools and other teachers of School Union No. 5 at the So. Berwick Civic Center. After the morning meeting, the Eliot teachers met with their principals for special planning and organization. The afternoon was devoted to preparation for the pupils who began work on Wednesday morning, September 9, 1959.

There have been some changes in the staff since last year. However, these changes have been slight because of the excellent salary schedule and teaching conditions which have prevailed in Eliot during the last few years. Teachers new this year are as follows:

Ella H. Wiechert of Eliot, Maine

Russell Wilkins of Laconia, New Hampshire

Evelyn N. Lopez of Eliot, Maine

George H. MacLean of South Berwick, Maine

One teacher was found in a new position. Former Coach Lawrence DeLois was elected subprincipal in the Central School. A previous substitute teacher, Grace M. Bailey, taught regularly during the first semester while Shirley E. Dufresne was on leave of absence for study.

Due to the resignation of Philice Burt, it was necessary to hire a new art teacher. George Mac-

Lean has been teaching in this department since September.

The resignation of our music supervisor Eugene H. Plouf, late in the season made it pressing to find a music supervisor in a short space of time. We were fortunate in finding one who has very ably taken over this position, Evelyn N. Lopez. The new members of the staff are all in the grades except Russell Wilkins of the High School staff. For those who are interested in details a table of statistics pertaining to the teachers is as follows:

#### ELIOT HIGH SCHOOL

Teacher—Position	Training	Yrs. Tng.
David P. Power, Principal	U. of Maine, M.A.	5
Norma Clifton, Languages	U. of N. H., B.A.	4
Francis C. Hartwood, Industrial Ed.	Gorham, B.S.	4
Florence W. Ingraham, Commercial	Hasson, B.S.	4
Evelyn E. Lopez, Music	Bell State, B.S.	4
George MacLean, Art	Private	1
Eleanor C. Mallins, Eng. Soc. Stud.	Maine U., B.S.	4
Mildred K. Overy, Social Studies	U. of Maine, B.S.	4
John W. Parsons, Science	U. of Me., B.S.	4
Robert W. Perkins, Physical Training	U. of N. H., B.S.	4
Oliver C. Thurston, Eng. Soc. Stud.	U. of N. H., B.A.	4
Russell Wilkins, Mathematics	U. of N. H., B.A.	4
Mary N. Englishon, Mathematics	Bates, M.A.	5

#### CENTRAL SCHOOL

Raymond J. Bagley, Grade 7	Gorham, B.S.	4
Vivian K. Butler, Grade 7	Tuffs, A.B.	4
Peggyanne P. Standes, Grade 8	Gorham, B.S.	4
Lawrence E. Delouis, Grade 8, Sub-Prim.	U. of Me., B.S.	4

#### LAURA V. DAME SCHOOL

Louise A. Chamberlain, Grade 8	Farmington	2
Lena R. Westman, Grade 8	Farmington	2
Usher L. Kilian, Grade 8, Sub-Prim.	Washington	2
Lois H. Turvotte, Grade 8	U. of N. H., B.A.	4

#### PRIMARY SCHOOL

Verna M. Standes, Subprimary	Gorham	2
F. Elizabeth Spurr, Subprimary	Gorham	2
Sally J. Wentworth, Grade 1	Gorham, B.S.	4

Sharlene S. Smith, Grade 1	Gorham, B.S.	4
Shirley E. Dufresne, Grade 1	Plymouth	2
Jane B. Titcomb, Grade 2	Keene	2
Cynthia M. Allen, Grade 2	Gorham, B.E.Ed.	4
Virginia M. Blaisdell, Grade 2	Machias	2
Ruby R. Redding, Grade 3	Atlantic Union, B.S.Ed.	4
Theresa D. Patterson, Grade 3	Fort Kent	2
Elaine R. Carter, Grade 3	Madawaska	2
Miriam H. Morrill, Grade 4	Radcliffe, A.B.	4
Lena M. Chandler, Grade 4	U. of Maine, B.S.	4
Ella H. Wiechert, Grade 4	Gorham, B.S.	4
William L. Freese, Jr., Elem. Supv.	U. of Maine, B.S.	4

Mrs. Mary Berylson has signified her intention of retiring at the end of the present school year in June 1960. She has had a rich experience in her chosen field, and I wish her the best of things this life has to offer in the days ahead. I am sure her many friends will join me in these good wishes.

## INSTRUCTION

Pupil progress again has been very satisfactory on the different grade levels. The strong program in reading is continuing to pay dividends in higher achievements in this field. Standardized achievement tests have been used to verify and supplement these opinions. It is planned to continue this program until it reaches every pupil. Reading is the most important subject in the first few grades of the pupil's school life. Without sufficient ability in reading, it is impossible to achieve satisfactorily in any other subject. It takes a highly trained teacher to teach reading as it should be taught.

## TEXTBOOKS

We are keeping the textbooks up to date year by year, but there will be an increase in the total cost. One reason may be seen at a glance in the several grade enrollments. It will be noticed that there are three divisions of the lower grades through the fourth. Next year there will be three divisions of the

fifth. As this wave of larger grades advances, it will mean purchasing new books for each pupil in excess of the previous maximum grade enrollment.

The Eliot School Department maintains very efficient conveyance services. It has come to the time when study will have to be given to making greater efficiency. It is possible that by having pupils walk a reasonable distance to a common bus stop, that some time may be saved and less wear and tear be given to the mechanics of the bus. There is also the possibility that bus shelters may be used to advantage. Many towns are doing this at the present time. It eliminates the weather hazard to a large extent and thereby makes it possible for pupils to walk in certain areas to meet the bus instead of the bus going to meet the pupils.

The reason for these suggested possibilities will seem more clear as one studies the figures showing the increase in conveyance costs during a period of five or six years. Although the costs are increasing, the town should still plan to expend more money again this year for the purchase of another bus. This item will be placed in the budget.

## FINANCES

As may be expected, the budget shows an increase over the past year. However, it should be noted that there is a large increase in the state subsidy for schools which largely offsets the advancing cost of education. The school board also has under consideration a request from the teachers for a revision in the salary schedule. This is being considered in view of the needs of education and also from the view point of the taxpayer. Fortunately or unfortunately, both have to be considered.

## SCHOOL BUILDINGS

The school buildings in Eliot as a whole are in good condition. Much money has been expended in the last few years to make necessary improvements. However, it is necessary to give serious thought to the future because of changes due to growth. This growth is not only in the school population but a growth in the curriculum requirements necessary to meet the challenge of the world of today. More building is indicated and more equipment essential.

The immediate need in Eliot is for more space in the high school. It is very evident that one more room was needed this year. At the present time one class is being held in a room originally designed for storage in the gymnasium annex.

The commercial department should also have more space. One may see at a glance in this department that it is crowded to say the least. It would be desirable to have more space for the industrial arts shop, and the science laboratory could be improved.

There are several possible solutions to the school housing problem in Eliot. There are probably as many opinions as to how this problem should be solved. Briefly some of the possibilities are as follows:

1. The state representative of the Industrial Arts department says that the old gymnasium could be converted into an Industrial Arts shop. This would release the old shoproom to be made into two classrooms. If the high school enrollment should remain comparatively static, this kind of solution might serve for some time.

2. A second solution would be to add a wing to the high school building which was discussed last year.

3. Another possible solution would be the construction of a new high school building. This could be constructed on the Hammond lot, so called. This arrangement would allow the present high school building to be used for grades five, six, seven, and eight, leaving the subprimary and first four grades in the Primary School as at present.

4. A fourth solution would be the construction of an elementary school on the Hammond lot so that the present primary building could serve as a junior high school unit in connection with the present gymnasium and high school building. This arrangement would allow the grade pupils to have the playground adjacent to the school which is a very desirable and necessary factor in the administration of the elementary school. There is also the possibility that the present Central School could serve adequately as a subprimary building. The two classrooms on the first floor could easily handle two divisions in the forenoon and two in the afternoon.

There are arguments for and against any of these possible arrangements. However, there are three fundamental facts that should be observed in any deliberations regarding the school housing problem; first is the borrowing capacity of the town of Eliot. Second is the present cost of amortization of the bonded debt, and the third point to keep in mind is that any type of building erected on the Hammond lot should be on the farther side of the lot from the Primary School. This is to give as much freedom as possible for the lower grades without interference from the more advanced pupils of the

upper grade levels. In this connection it is generally recognized by educators that the lower grade playgrounds should be adjacent and as close as possible to the lower grade building.

An educational program that is sound must recognize the importance of education at every grade level. There are many desirable features in regard to a brand new high school building. The final decision regarding the solution of Eliot's problems must lie in the cooperative efforts of the various groups interested in the welfare of both the pupil and the citizen.

### BUDGET

The budget as usual has been prepared after extensive study and research. Few towns present as detailed lists as is presented by your school board. There are many factors in a school budget which are unpredictable. Probably no phase of town financing is subject to more fluctuations. To illustrate the point, there is never any guarantee as to the exact enrollment of any particular grade from one year to the next. There is also a variation in the amount of supplies that a teacher or a grade may use in any one year. No one can tell in advance what may go wrong mechanically on a school bus. There is also considerable variation, at times, in the subsidy which may be expected from some sources. There is also no way of telling what it is going to cost to replace a certain teacher in case of a sudden vacancy. These are only a few of illustrations which might be used to point out this feature of budgeting.

The budget does provide for certain needs as outlined. For your consideration the complete school budget is presented as follows:

## SCHOOL BUDGET, 1960 - 1961

## MAINTENANCE

Item	Actual Exp. Estimated Exp.	
	1959-1960	1960-1961

The report of the superintendent of schools is followed by a report from the high school principal, the elementary supervisor and principal, and the public health nurse. These are in turn followed by a financial statement of the school system.

The past year has been successful from the standpoint of education. Eliot has an excellent core

of teachers. The other personnel are also devoted to their work. I wish to express my thanks and appreciation not only to the school personnel but also to the town officials, budget committee, and the many citizens who have been so helpful and cooperative. My appreciation and thanks go especially to the school board who have worked so understandingly and cooperatively week after week in solving the problems as they have arisen and planning for the education of the future.

Respectfully submitted,

HUBERT E. REDDING  
Superintendent of Schools

---

### REPORT OF THE PRINCIPAL OF ELIOT HIGH SCHOOL

To Mr. Hubert E. Redding, Superintendent of  
Schools:

Once again, through this report, I wish to call the attention of our townspeople to some of the significant aspects of Eliot High School during the past year,

Our biggest problem remains, with the present number of rooms and teachers, that of giving a well-rounded education to all of our students. This year we have used as a classroom, a room designed for the storage of auditorium chairs. More harmful, but less noticeable, has been the shrinking of our curriculum offerings and the increase in the size of our classes. Most of the effect of the cutbacks has

thus far been borne by the students who plan to get all their formal education in Eliot. More than that, we have not begun to use our gymnasium for the physical development of all our boys and girls. An accredited high school will help us to do more of what you would like to have us do. The list of accredited Maine high schools will not include ours next year. Shouldn't it be soon? The hiring of Mrs. Chandler illustrates a step in the right direction. She has demonstrated the worth of a school secretary; already she has found ways to help each of us get our work done more effectively.

On the extra-curricular side, we have had a successful year in both competitive and non-competitive activities. Our girls' basketball team won a championship, as did the baseball team. Glee Club, Band and Drama Guild all brought favorable comments from those who heard them. Our Safety Council won statewide recognition.

Mrs. Lopez, our new music supervisor, has added a course in music appreciation and has spent one period weekly with a new instrumental group. Mr. MacLean, our new Art instructor, has been able to offer our students, Art at a level not before possible. Mr. Wilkins, since coming to us in September, has worked tirelessly against discouraging odds in athletics, with our boys. If you have a son or daughter at Eliot High School, encourage him to attempt at least one of these activities. Should you be a person who is horrified by the bad deeds of young people about whom you read and hear, come more often to see our students, both at work and at play. It will restore your faith in human nature.

I know you are interested in the efforts of our newcomers; but I am sure also that you are well

aware that the main strength of our school depends upon the superior performance of our teachers who have stayed with us from year to year and performed many worthwhile tasks for our students. At this point, I am reminded that one of our team is leaving us at the end of the school year. Mrs. Mary Berylson has so deeply intrenched herself in our affections and our respect, that I shrink from the thought of Eliot High School without her. Happily she plans to live among us, and we can still repay her in part for all that she has done for us.

Again, I thank all of you who have helped education at Eliot High School; your cooperation has not only made my job pleasant — it has also made our success possible.

Respectfully submitted,

DAVID P. PIERCE  
Principal

---

**REPORT OF THE  
SUPERVISOR OF THE CENTRAL SCHOOL,  
LAURA V. DAME SCHOOL, AND THE  
PRIMARY SCHOOL**

To Hubert E. Redding, Superintendent of Schools:

I herewith submit my report of the Elementary Schools Activities, for the year 1959-1960.

School opened September 7th with a total enrollment of 604 pupils. This was an increase of 50 pupils from the previous year.

The following is an enrollment as of September 10th:

Grade	Teacher	Pupils
Sub Primary	Mrs. Verna Staples	43
Sub Primary	Mrs. Spurr	44
1st	Mrs. Smith	23
1st	Mrs. Bailey	23
1st	Miss Wentworth	22
2nd	Mrs. Blaisdell	22
2nd	Miss Aller	22
2nd	Mrs. Titcomb	20
3rd	Mrs. Patterson	27
3rd	Mrs. Redding	26
3rd	Mrs. Carter	25
4th	Mrs. Chandler	24
4th	Mrs. Morrill	24
4th	Mrs. Wiechert	25
5th	Mrs. Westman	28
5th	Mrs. Chamberlain	26
6th	Mr. Kilton	36
6th	Mrs. Turcotte	33
7th	Mr. Baglivo	31
7th	Mrs. Butler	31
8th	Mr. DeLois	24
8th	Mrs. Peggy Ann Staples	24
TOTAL		604 pupils

Looking ahead to next year, it looks very much as if it will be necessary to have three fifth grades, because of the number of pupils in the fourth grade this year. This will continue each year until the present fourth grade has reached the eighth grade. This year the incoming pupils increased from 63 to 87 pupils.

Our Health Program has improved this year by the help of our Eliot Health Council and our Health Officer, Mrs. Vetter.

The Health Council has outfitted one of the

rooms in the basement of the primary Building so that now it is quite an efficient Clinic Room.

Mrs. Vetter has made her services available at the school every Monday and Thursday morning, from 8:15 A.M. to 9 A.M. for children who have been out sick. This has been a great advantage to parents as well as to the teaching staff.

Last year and again this year our Buses were very crowded. Because of this condition, I am again asking parents to refrain from asking permission for children to change Buses to go to parties, scouts, etc. In case of emergencies please send a note to the teacher, stating the difficulty and we will be very glad to cooperate with you.

At this time I want to extend an invitation to every parent and every citizen who is interested in our schools to visit our school rooms, so that they may know better what we, as your children's teachers, are trying to accomplish toward their education. Knowing you better, and you knowing us, will enable all of us to do a much better job.

In closing, I wish to thank the parents and the townspeople for their help this year. I especially want to thank my teachers, the bus drivers and our custodians, for their excellent cooperation.

To the School Board and to Mr. Redding, I wish to express my appreciation for their help and understanding during the school year.

Respectfully submitted,

W. L. FREESE.

## Warrant for Town Meeting Eliot, Maine

York, ss

To Percy L. Day, Constable of the Town of Eliot.

Greetings :

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Eliot, in the County of York, qualified by law to vote in town affairs, to meet at the Town Hall in said town on Saturday, the twenty six day of March, A.D. 1960, at 9 o'clock in the forenoon, then and there to act on the following acticles, to wit:

FIRST—To elect a Moderator to preside at said meeting.

SECOND—To elect, namely a Town Clerk, Excise Tax Collector and Tax Collector as a combined office; two Selectmen, Assessors and Overseers of the Poor for a term of three years, Treasurer; two members of the School Committee, one for a term of three years, one for a term of one year; Fire Ward; Road Commissioner; and Constable.

The polls will be opened at 9 o'clock in the forenoon and will be closed at 3 o'clock in the afternoon.

THIRD—To accept the reports of the Selectmen, assessors and overseers of the poor, and other

town officers and to ratify and approve their doings for the preceding year.

FOURTH—To see if the Town will vote to raise and appropriate a sum of money for the Support of the Poor.

Budget Committee recommends \$300.00

FIFTH—To see if the Town will vote to raise and appropriate a sum of money for Contingent Expenses.

Budget Committee recommends \$6,500.00.

SIXTH—To see if the Town will vote to raise and appropriate a sum of money for Repair of Roads and Bridges.

Budget Committee recommends \$5,500.00.

SEVENTH—To see if the Town will vote to raise and appropriate a sum of money for Cutting and Burning Bushes along its highways.

Budget Committee recommends \$240.00.

EIGHTH—To see if the Town will vote to raise and appropriate a sum of money for Snow Removal and Winter Maintenance of Highways.

Budget Committee recommends \$5,000.00.

NINTH—To see what sum the Town will raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for the care of Ways, Highways and Bridges) under the provisions of Section 44, 49 or 50. Chapter 23 R.S. 1954 as amended.

Budget Committee recommends \$1,992.00.

TENTH—To see if the Town will vote to raise

and appropriate a sum of money for Tarring Roads.

Budget Committee recommends \$5,000.00.

ELEVENTH—To see if the Town will vote to raise and appropriate a sum of money for State Highway Maintenance (Road Patrol).

Budget Committee recommends \$207.20.

TWELFTH—To see if the Town will vote to raise and appropriate a sum of money for Maintenance of Town Dump.

Budget Committee recommends \$900.00.

THIRTEENTH—To see if the Town will vote to authorize the trade-in of the 1952 Payloader for a new loader and authorize the Selectmen and Treasurer to take a sum of money not to exceed \$3500.00 for same from Road Equipment Reserve Fund.

Budget Committee recommends Yes.

FOURTEENTH—To see if the Town will vote to raise and appropriate a sum of money for Salary and Car Allowance of Road Commissioner.

Budget Committee recommends that \$3,200.00 be raised and that \$800.00 be taken from Roads and other credits.

FIFTEENTH—To see if the Town will vote to authorize the purchase of a new Snow Plow Blade and authorize the Selectmen and Treasurer to take a sum of money, not to exceed \$800.00 for same, from Road Equipment Reserve Fund.

Budget Committee recommends Yes.

SIXTEENTH—To see if the Town will vote to

raise and appropriate a sum of money for Liability Insurance (Workmen's Compensation) for all Town Employees.

Budget Committee recommends \$650.00.

SEVENTEENTH—To see if the Town will vote to authorize the Selectmen to take the unexpended earnings of the Ford and G. M. C. dump truck amounting to \$2,156.65, the Payloader and Grader amounting to \$204.45, and the Bull Dozer amounting to \$143.16, and deposit same in Road Equipment Reserve Fund.

Budget Committee recommends Yes.

EIGHTEENTH—To see if the Town will vote to raise and appropriate a sum of money to take care of improvement and maintenance and Janitor services for the Town Hall Property.

Budget Committee recommends \$1,400.00.

NINETEENTH—To see if the Town will vote to raise the sum of \$8,000.00 to retire New Elementary School Bonds Nos. 53, 54, 55, 56, 57, 58, 59 and 60.

Budget Committee recommends Yes.

TWENTIETH—To see if the Town will vote to raise the sum of \$5,000.00 to retire Elementary School addition and Gymnasium Bonds Nos. 21, 22, 23, 24 and 25.

Budget Committee Recommends Yes.

TWENTY-FIRST—To see if the Town will vote to raise the sum of \$5,000.00 to retire Completion of Four Rooms and Interior of Wing Bonds Nos. 6, 7, 8, 9 and 10.

Budget Committee recommends Yes.

TWENTY-SECOND—To see if the Town will vote to raise and appropriate a sum of money to pay on General Notes due April 15, 1960.

Budget Committee recommends \$8,000.00.

TWENTY-THIRD—To see if the Town will vote to raise and appropriate a sum of money for Pay of Town Officers.

Budget Committee recommends \$6,700.00.

TWENTY-FOURTH—To see if the Town will vote to raise and appropriate a sum of money for one additional street light and for existing street lights as previously voted.

Budget Committee recommends \$1,280.00.

TWENTY-FIFTH—To see if the Town will vote to raise and appropriate a sum of money for care of the George E. Hammond Park and Green Plots.

Budget Committee recommends \$150.00.

TWENTY-SIXTH—To see if the Town will vote to raise and appropriate a sum of money for school maintenance for all schools.

Budget Committee recommends \$120,000.00

TWENTY-SEVENTH—To see if the Town will vote to raise and appropriate a sum of money for School Repairs, Equipment, Social Security, and Miscellaneous expenses for all schools.

Budget Committee recommends \$7,400.00.

TWENTY-EIGHTH—To see if the Town will vote to authorize the trade-in of one of the old school buses toward a new sixty passenger school

bus and provide a sum of money for the purchase of same.

Budget Committee recommends Yes and raise \$4,200.00 and take \$1,155.92 from the Capital Reserve Fund for School Busses.

**TWENTY-NINTH**—To see if the Town will vote to raise and appropriate a sum of money for clearing the new school lot; Hammond Lot, so called.

Budget Committee recommends \$500.00.

**THIRTIETH**—To see if the Town will vote to raise and appropriate a sum of money for a Physical Education Teacher, and to direct that this sum be added to the Maintenance Account.

Budget Committee recommends No.

**THIRTY-FIRST**—To see if the Town will vote to raise and appropriate a sum of money for Physical Education Equipment.

Budget Committee recommends No.

**ARTICLE THIRTY-SECOND**—To hear the report of the School Planning Committee appointed under the 28th Article in the Warrant at the 1959 Annual Town Meeting and to act upon the same.

Budget Committee recommends Yes.

**THIRTY-THIRD**—To see if the Town will vote to raise and appropriate a sum of money for maintenance of the Fire Department and payment of Accident Insurance for the Volunteer Firemen.

Budget Committee recommends \$5,500.00.

**THIRTY-THIRD-A**—To see if the town will

vote to dissolve the existing building committee for a new fire station elected by the town in 1957.

On petition of Alphonse Pare and 60 petitioners.

THIRTY-FOURTH—To see if the Town will vote to purchase approximately 125 ft. front, 200 ft. deep lot known as the Remick property, on the corner of Greenwood St. at Route 103 for the sum of ..... This sum of money to be taken from the Capital Reserve Fund for New Fire House.

Budget Committee makes no recommendation.

THIRTY-FIFTH—To see if the Town will vote to purchase a lot approximately 125 ft. front, 200 ft. deep on Route 103 known as the Greenacre property, for the sum of ..... This sum of money to be taken from the Capital Reserve Fund for New Fire House.

Budget Committee makes no recommendation.

THIRTY-SIXTH—To see if the Town will vote to build a Fire Station.

Budget Committee recommends Yes.

THIRTY-SEVENTH—To see if the Town will vote to appoint a building committee for building of a Fire Station, to consist of the Fire Ward and two (2) Firemen elected by the Fire Company, the Chairman of the Board of Selectmen and one other Selectman appointed by the Board of Selectmen.

Budget Committee recommends Yes.

THIRTY-EIGHTH—To see if the Town will vote to authorize and empower the Board of Selectmen to borrow a sum of money not to exceed \$25,000 on such terms as they deem to be to the

best interest of the Town for the purpose of building a new Municipal Fire Station and, further, to authorize said Board, in addition thereto, to use the Firehouse Capital Reserve Fund for construction and land acquisition.

Budget Committee recommends Yes.

THIRTY-NINTH—To see if the Town will vote to authorize the Selectmen to sell and dispose of the Dodge Tank Truck at such time as they deem advisable, proceeds to go toward equipment for New Tank Truck.

Budget Committee recommends Yes.

FORTIETH—To see if the Town will vote to raise and appropriate a sum of money not to exceed \$700.00 for a two-way radio for Police Department use.

Budget Committee recommends Yes.

FORTY-FIRST—To see if the Town will vote to raise and appropriate a sum of money for Spinney's Creek Skating Project.

Budget Committee recommends \$100.00.

FORTY-SECOND—To see if the Town will vote to raise and appropriate a sum of money to pay interest on School Bonds, Notes, and money hired by the Selectmen and Treasurer in anticipation of taxes.

Budget Committee recommends \$7,000.00.

FORTY-THIRD—To see if the Town will vote to authorize and empower the Board of Selectmen and the Treasurer to borrow whatever sums of money that may be necessary to take care of the

payrolls that are incurred between the closing of the Town books and the Annual March Town Meeting and such sums of money to be repaid during the 1961 municipal tax year.

Budget Committee recommends Yes.

FORTY-FOURTH—To see if the Town will vote to authorize the Selectmen and Treasurer, on behalf of the Town, to sell and dispose of any real estate acquired by the Town for non-payment of taxes thereon, on such terms as they deem advisable, and execute quit claim release deeds for such property.

Budget Committee recommends Yes.

FORTY-FIFTH—To see if the Town will vote to raise and appropriate the sum of \$650.00 for the purchase and binding of books for the William Fogg Library and pay same to the Librarian.

Budget Committee recommends Yes.

FORTY-SIXTH—To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for support and maintenance of William Fogg Library and pay same to the Trustees of the Library.

Budget Committee recommends Yes.

FORTY-SEVENTH—To see if the Town will vote to elect three members to the Budget Committee for three years to take the place of the retiring members.

Budget Committee recommends Yes.

FORTY-EIGHTH—To see if the Town will vote to raise and appropriate \$275.00 for Public Health Nursing in Eliot. Said sum to be expended by the

Maine Department of Health and Welfare, Bureau of Health, for local service.

Budget Committee recommends Yes.

FORTY-NINTH—To see if the Town will vote to raise and appropriate a sum of \$250.00 for the Local Health Officer's salary. On Petition of Vernon L. Evans and 15 other legal voters.

Budget Committee recommends Yes.

FIFTIETH—To see if the Town will vote to raise and appropriate a sum of \$2,695.00 for Hydrant Rentals.

Budget Committee recommends Yes.

FIFTY-FIRST—To see if the Town will vote to raise the sum of \$75.00 for Memorial Day Program expenses, said money to be expended under the Supervision of the Eliot Memorial Post Number 188, American Legion. On petition of M. F. Murphy and thirteen other legal voters.

Budget Committee recommends Yes.

FIFTY-SECOND—To see whether or not the Town will vote to raise and appropriate the sum of One Hundred seventy-five dollars (175.00) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 91, Section 108, of the revised Statutes of 1954.

Budget Committee recommends No.

FIFTY-THIRD—To see what the Town will vote to raise and appropriate for carrying on a Dutch Elm disease control program, as recommend-

ed by the Maine Forest Service for the purpose of Protecting Elm Shade Trees.

Budget Committee recommends No; use existing balance.

FIFTY-FOURTH—To see if the Town will vote to raise and appropriate the sum of \$325.00 to pay the balance for the Fire Department and Civil Defense Siren.

Budget Committee recommends Yes.

FIFTY-FIFTH—To see if the Town will vote to raise and appropriate the sum of money for Civil Defense and Public Safety.

Budget Committee recommends \$1,100.00.

FIFTY-SIXTH—To see if the Town will vote to transfer to Mount Pleasant Cemetery Association, a trust fund of \$200.00 now held for care of the Elmer E. Langton burial lot, and a trust fund for \$150.00 now held for care of the Pascal M. Langton burial lot. On request of the children of Elmer E. and Carrie L. Langton.

Budget Committee recommends Yes.

FIFTY-SEVENTH—To see if the Town will vote to raise and appropriate a sum of \$192.64 to pay for principal and interest on money borrowed from the First Portland National Bank, by the Eliot Water District.

Budget Committee recommends Yes.

FIFTY-EIGHTH—To see if the Town will vote to have its elective officials also participate in Federal Social Security Benefits and authorize its Board of Selectmen to enter into all necessary agreements

with the State agency as designated and provided for in the Revised Statutes of Maine, Annotated, 1954 Chapter 65, as Amended for that purpose, and to fix the effective date thereof.

Budget Committee makes no recommendation.

FIFTY-NINTH—To see what sum of money the Town will appropriate to pay for its share of the cost of Social Security Plan as provided for in the preceding Article.

Budget Committee makes no recommendation.

Given under our hand this                      day of March,  
A. D. 1960.

A True Copy—Attest:

## SUMMARY OF BUDGET COMMITTEE'S REPORT

The recommendation which appears with each article is not necessarily a unanimous vote of the committee, but is a majority vote of those members present at the meetings of the Budget Committee.

Respectfully submitted,

DONALD WIGGIN	WILFRED LEAVITT
CHARLES LAWSON, JR	J. DONALD STAPLES
ROBERT McINTYRE	ROBERT OLMSTEAD
DAVID PIERCE	DANIEL KROSKA

## Auditor's Report

February 23, 1960

Board of Slectmen,  
Town of Eliot,  
Eliot, Maine.

Gentlemen:

In accordance with Chapter 405, Section 26, of the Public Laws of 1957, and at your request, we have made an examination of the books and records of the Town of Eliot for the municipal year ended February 10, 1960.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. Insofar as could be ascertained within the scope of the examination, the financial affairs of the Town appear to have been properly handled with such exceptions as may be noted in the accompanying comments.

In our opinion, the accompanying exhibits and schedules fairly present the results of the financial operations of the Town for the year ended February 10, 1960, in conformity with generally accepted municipal accounting principals applied on a basis consistent with that of the preceding year.

Respectfully submitted,

JOHN L. ALHEIM

Certified Public Accountant.

---

**COMMENTS****CASH ON HAND AND IN BANKS           \$ 4,158.43**

The cash balance was checked and ascertained to be in agreement with the amount on deposit. Independent confirmation was made of all checking accounts with the Community Trust Company of Kittery.

**ACCOUNTS RECEIVABLE                   \$24,440.00**

This amount represents the sum due as a school subsidy from the United States Department of Education. As it is not the policy of the U. S. Government to confirm amounts due, the Town has received in lieu thereof, a telegram from U. S. Senator Muskie under date of February 11, 1960 that this sum will be forthcoming in due course. We examined the telegram received by the Town.

**UNCOLLECTED TAXES                   \$   433.37**

Unpaid personal property taxes and sixth-eight unpaid polls, comprise the above amount, the detail of which is reported on Schedules 1 and 2. Because of the nature of these assessments, the charges were not subject to tax deed action at the close of the fiscal year.

Requests for verification were mailed to 47% of the unpaid 1959 taxes, computed on a dollar basis, or to 82% excluding the polls.

**TAX DEEDS                               \$11,611.18**

All payments on tax deeds as evidenced by Treasurer's receipts were checked and found to be credited to the proper items with some minor adjustments. The detail of this account appears in Schedule 3.

Independent request for verification was made of the entire list of tax deeds outstanding at the end of the fiscal year and remaining unpaid at the time of our audit.

**CAPITAL RESERVE FUND FOR  
SCHOOL BUSES**

**\$ 1,155.92**

During the year this account was increased by \$56.41 interest earned on the time deposit and reduced by \$1,235.14 to apply against the purchase of a school bus as authorized in Article 24 of the last town meeting. The detail presented in Schedule 7.

**CAPITAL RESERVE FUND FOR  
NEW FIRE HOUSE**

**.\$12,967.49**

The activity in this account appears in Schedule 7. The fund was increased during the year by \$2,500.00 appropriated at the last town meeting, and \$332.07, interest earned on the time deposit. In support we examined pass book No. 67169 of the Piscataqua Savings Bank.

**ROAD EQUIPMENT RESERVE FUND    \$ 6,829.64**

An outline of the activity in this account appears in Schedule 8, annexed to this report. The account was increased in the amount of \$3,959.59 from earning of the town's motor equipment and from interest earned on the savings account. Purchase of an automatic sander in the amount of \$1,375.00 was charged to the account, resulting in a balance of \$6,829.64 at years end.

**TRUST FUNDS**

**\$15,607.17**

The transactions in the trust funds created for cemetery care and other purposes were reviewed and the results are presented in Schedules 9, 10 and 11. Balances in the various time deposits were sup-

ported by individual pass books, all of which were examined.

**ACCOUNTS PAYABLE** **\$ 3,169.38**

Unpaid obligations of the Town at the close of the fiscal year consisted of the following amounts:

Withholding Taxes	\$2,820.42
Social Security Taxes	74.05
The Mosler Safe Co.	141.30
Taxes Overpaid by Tax Collector	133.61

TOTAL **\$3,169.38**

Withholding and social security taxes represent the unremitted accruals for the months of January and February of amounts withheld from employees of the town during that period. The balance due for safe repairs made after the robbery, the amount of which is in dispute with the Mosler Safe Co. The last item is the result of a detailed check of the tax collectors for the year which disclosed the above overpayment, due to duplication of listing on tax sheets and other reasons.

**DEFERRED REVENUE** **\$14,826.16**

Unapplied excise taxes, for the taxable years 1959 and 1960 are reflected in the foregoing amount. An analysis appears in Schedule 4.

**WOODLAND ACRES DEVELOPMENT** **\$ 3,555.82**

Assessments collected for sewerage, less certain charges, make up the above balance. No disposition has been made of the residual balance.

**NOTES PAYABLE** **\$16,737.00**

**BONDS PAYABLE** **\$113,000.00**

During the year under review, notes payable

were reduced in the amount \$4,490.00. Bonds amounting to \$18,000.00 were also retired, thereby decreasing the Town debt \$22,490.00 for the year. Full details of all note and bond obligations remaining, appear in Schedules 5 and 6.

The liability for notes outstanding was externally confirmed. Cancelled notes and bonds were **examined in support of retirements**, excepting in the case of one note. Bank acknowledgement of the payment was available in this instance.

**RESERVE FOR AUTHORIZED  
EXPENDITURES**

**\$10,556.98**

This account represents the collective amount of unexpended balances of departmental accounts being carried forward to the ensuing year. Analysis of the individual amounts comprising the total, is presented in the Statement of Departmental Operations—Exhibit D.

**UNAPPROPRIATED SURPLUS**

**\$ 7,976.66**

The net beneficial gain resulting from current operating accounts lapsed, supplemental taxes and interest and fees collected amounted to \$5,997.68 for the year. Charged against this account were abatements, a personal property loss by robbery not covered by insurance, plus the transference of funds to several operating accounts as authorized at a special town meeting, totalling \$4,187.64. This resulted in a net increase in the free surplus for the municipal year of \$1,810.04.

A detailed analysis of the account appears in Exhibit C.

**GENERAL**

Corporate surety bonds issued by the American

Surety Company of New York, covering the Treasurer and the Tax Collector, in the sum of \$10,000.00 each, were examined. The School Principal is bonded as well for \$1,000.00.

Excise tax collections were verified by scrutiny of the copies retained by the Collector and were found to be in order after several adjustments were made.

The overlay was ascertained to be in agreement with the legal limit of five percent of the appropriations, plus the county tax.

### RECOMMENDATIONS

In accordance with Chapter 311, of the Public Laws of 1957, we offer the following recommendations for improving the financial administration of the Town.

- (1) A detailed examination of the Tax Collectors records indicated areas for improvement. If each sheet is balanced with each receipt book AND the money on hand, differences will be located and corrected as they occur. The striking over of incorrect amounts on the collection sheets should be replaced by erasure and insertion of the correct amount, thereby eliminating the confusion as to the correct amount;
- (2) It is recommended that a savings account be established for sewerage assessment funds not to be immediately employed thus enhancing the funds when needed. Our suggestions in the past for other funds has yielded considerable income to the Town.

- (3) The substantial increase in unpaid tax deeds as well as personal property taxes and polls in the past few years should be regarded with concern by the Town officers. An energetic campaign to collect these delinquent amounts should be productive of considerable income;
- (4) The existing basis of paying the Town Clerk fees for the handling of tax deeds, who in turn pays the cost of advertising them, is cumbersome. In this connection, we invite your attention to Chapters 166 and 298 of the Public Laws of 1957 as a basis for revision.

REVISED CIVIL DEFENSE

# AIR RAID INSTRUCTIONS

Published By The Federal Civil Defense Administration

---

## EVACUATION SIGNAL

A steady blast 3 to 5 minutes on sirens, whistles, horns or similar devices.

### WHAT TO DO

**Evacuate** your family according to plan. Don't forget emergency rations, clothing, supplies.

**Do not** use the telephone.

Check your AM radio (640 or 1240kc) for detailed instructions.

Obey your police and civil defense instructions.

## TAKE COVER SIGNAL

Wailing tone or short blasts for 3 minutes on sirens, whistles, horns, or similar devices.

### WHAT TO DO

**At Home:** Get into your home shelter immediately. If you have none, shut all outside doors and windows and take cover in the basement or an interior first-floor room.

**Outdoors:** Seek the best available cover.

**Stay Put** until you get word to come out.

**Important:** If you see a bright flash of light, take cover instantly.

## Report of the Selectmen

To the Inhabitants of the Town of Eliot:

It is the responsibility of your Town Officials to be fair and impartial to all the Inhabitants of the Town. To be sympathetic with their problems and at the same time endeavor to keep the financial problems of the Town in proper prospect. The financial problems of the Town are many and varied. Sometimes the final solution to a problem is not always agreeable to all interested parties mainly because opinions can differ. However, every action taken by your board this year has been, in their judgement, a better solution and in the best interest of the whole town.

In 1960, the Kittery Electric Light Company and the Public Service Company of New Hampshire took action against the Town of Eliot for abatement in their taxes. The settlement of this problem was effected out of court rather than in court since the Board of Selectmen considered that a definite solution was better than gambling in court and probably getting an indefinite and unfavorable solution. The action was based on the results of expert appraisers and the legal advice of our attorneys. Under the settlement, your Board of Selectmen as Assessors, abated the tax value of Kittery Electric and Public Service Company property as follows:

- A. Kittery Electric 1959 tax values reduced from \$147,843 to \$90,000.
- B. Kittery Electric 1960 tax values reduced from \$147,843 to \$80,000.

- C. Public Service 1960 tax values reduced from \$137,344 to \$95,000.

It is the law that in accordance with these abatements which the Board of Assessors have the sole and complete authority to adjust, that the tax bills were corrected as follows:

- A. Kittery Electric 1959 tax bill reduced from \$10,792.54 to \$6,570.
- B. Kittery Electric 1960 tax bill reduced from \$11,088.23 to \$6,000.
- C. Public Service 1960 tax bill reduced from \$10,300.80 to \$7,125.

We would also like to point out that under these settlements, we lost \$12,486.03 in tax revenue. Because this money had been budgeted, it was necessary to borrow in order to replace it or arrange a payment program. The latter method was preferred and a payment plan was obtained from the Power Companies. As a result of this, the Selectmen avoided borrowing the \$12,486.03 and also avoided paying interest on the settlement agreement.

During the past year a new lease was executed between the John F. Hill Grange and the Town so that we shall have the Town Hall for another five year period.

The Town dump has been kept open continually during the past year for the convenience of the Town people and at a substantial savings. We ask your cooperation in not dumping in the center of the dump area but rather at the back edge of the dump. By doing this, there will be a further saving of tax money since the dump will require less periodic attention.

---

We appreciate the cooperation which the School Committee gave us this year and wish to thank them for releasing a part of the Central School lot for our new Firehouse building. Mr. Boyce of the C & S Construction Company, which is building the new Firehouse, has been very helpful and cooperative in the construction. Further, the quality of the work has been very good and the building is progressing most satisfactorily.

1810 — 1960

Eliot celebrated its Sesquicentennial.

On behalf of the Town, we wish to thank all individuals, committees and organizations for their cooperation in making the Town of Eliot a more interesting and better place to live in.

## IMPORTANT

### **All Taxpayers Should Read the Following Requirements and Comply With Them**

Chapter 92, Section 36 of the Revised Statutes of Maine, 1954 requires the Assessors to give notice to bring in lists of taxable property; if no lists are brought in, NO CLAIM FOR ABATEMENT.

“Before making an assessment, the assessors shall give seasonable notice in writing to the inhabitants by posting notifications in some public place in town, or shall notify them in such other way as the town directs, to make and bring in to them true and perfect lists of their polls and all their estates real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner after such notice, or any non-resident owner after being reasonably requested thereto by the assessors, does not bring in such list, he is thereby barred of his right to make application to the assessors or the county commissioners for an abatement on his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed. The request upon non-resident owners may be proved by a notice sent by mail directed to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayer.”

In accord with the above, all resident and non-resident taxpayers are hereby requested to bring into the assessors true and perfect lists of their polls and all of their estates, real and personal, as of April 1, 1960.

The polls of all persons who have attained the age of 70 years are now exempt under Chapter 91A, Section 10, Revised Statutes of Maine, 1954.

---

### **NOTICE**

The assessors will be in session at the Municipal Offices on the 6th and 7th of April, from 7 p.m. to 9 p.m. for the purpose above stated.

---

### **ATTENTION DOG OWNERS**

Chapter 100, Section 10 of the Revised Statutes of Maine, 1954, requires: "On or before the first day of April of each year, the owner or keeper of any dog six months old or over shall apply to the city or town clerk either orally or in writing, for a license for each such dog owned or kept by him."

Chapter 100, Section 13 of the Revised Statutes of Maine, 1954, notice: "Whoever keeps a dog contrary to the provisions of Section 9 to 28, inclusive, shall be punished by a fine of not more than \$25 to be recovered by complaint before any trial justice or municipal court in the county where such owner or keeper resides."

## Report of Planning Board

To the Selectmen of Eliot:

The Planning Board is still in the process of preparing a zoning plan for the Town.

As stated previously, a mild form of zoning appears to be the best approach to this problem for a Town the size of Eliot.

The Board sincerely hopes to have a plan ready to present to the citizens of the Town in the near future.

Many citizens of the Town have inquired as to the duties performed by members of the Planning Board. Very briefly, these duties consist of recommendations to the citizens of the Town concerning zoning, location of public buildings and general planning for the future development of the Town.

Respectfully submitted,

Planning Board of  
Town of Eliot

## William Fogg Library

To The Selectmen Of The Town Of Eliot:

Again the Trustees of the William Fogg Library wish to acknowledge with appreciation the action of the voters in granting our appropriations to maintain the library and the purchase of new books. Our general expenses continued to increase but our circulation also continues to increase. It might be of interest to note that from a circulation of slightly in excess of 11,000 in 1954 we went over 17,000 in 1960.

In 1961 we will have our usual maintenance costs and in addition a few more necessary projects.

One of these will be the pointing up of the stone work on the north side of the stackroom and another is to endeavor to water-proof the basement to make possible a dry storage for papers, books, etc. in as fireproof a place as possible

We still feel very fortunate in having such an efficient and loyal staff of employees and are particularly appreciative of the interest and help from our own "Friends of the Library." The Trustees welcome any comments or suggestions from the townspeople.

Respectfully submitted,

BLANCHE M. BRISKAY

The librarian submits the following report to the selectmen and the citizens of Eliot.

First, I wish to explain the amount of cash on hand. Two new reference books (Who Was Who and an Atlas) and 17 books being rebound will have to be paid for in February and as I will not receive the town stipend until March I have saved this money for these bills.

17,493 books were taken out in 1960—the largest number record in our library. The town has increased 20 % in the last ten years and the circulation in the library has doubled which is certainly something to be pleased about. 162 cards were signed by new patrons. 369 books were added to the library—89 of these were gifts 14 of which were memorial books in memory of Mr. Wm. Kennard, Mrs. Lulu Kennard, Brenda Nixon and Mr. Harrison Richardson. 95 books were loaned by the State Library mostly for high school students.

On Dec. 14th Mrs. Wm. Murphy Jr. resigned as assistant librarian. We were very sorry for she has been a very pleasant helper. But we were fortunate in having Mrs. John Walton take her place and she is already proving to be a fine assistant. Miss Linda Nixon is also helping in the library after school hours. Theresa Varrell and Timothy Sears have given invaluable help since September in work on the card catalogue.

The success of the library depends upon many people.

The trustees meet monthly and plan and care for its needs. Mr. Staples, our custodian, always keeps the building clean, warm and attractive. Mr. Charles Grover sees that the road and parking space is clear during this snowy winter. (An average of over 100 cars stop at the library every Wed. and Sat.) The teachers continue to cooperate with the library by having boxes of books in their rooms.

The bus drivers help to make the "Story Hour" a success by bringing the children to the library every other Wednesday by bus so that they all ar-

rive at once. And of course we couldn't have a story hour if it were not for a group of young mothers who volunteer their time and talent as story tellers. The Garden Club provides flowers in summer and Christmas arrangements in December. "The Friends of the Library" are always ready to help in any way they can and provide four interesting evening programs every year. If you are not a member, why don't you join? Membership is \$1.00 per year. We need all of you.

If you are glad there is a library in our town, if you are glad your children have a library in our town, show your appreciation, join "The Friends of the Library."

Respectfully submitted,  
FLORENCE B. SIMONDS  
Librarian

## Eliot Fire Department Report 1960

At this time I would like to thank the officers and members of the Fire Department for their fine

work, also the Town Officers for their cooperation through-out the year.

There were :

- 118 Red Phone Calls
- 21 Fires
  - 2 Mutual aide calls, 1 Kittery, 1 Portsmouth
- 17 Calls From Mt. Agameticus (Look Out Tower) for smoke
- 2 Dynamite storage and transportation permits
- 292 Fire burning permits issued
- 6 Inspection calls made with the State Fire Inspector
- 5 Schools
- 2 Rest Home calls
- 2 Filling Stations
- 1 Garage
- 2 Homes with State Children

The firemen have invested approximately \$400. of their own money to outfit the 1952 International truck purchases through Civilian Defense. They have converted this truck into an 800 gal. tank. Installation of tank, pump, and painting was done by the firemen. We are very proud of the finished product.

Four of our firemen attended the New Hampshire State School in Fitzwilliam, New Hampshire last September. Eight junior firemen also attended.

We are having a firemen's School at the present time, which is sponsored by the State. The instructors are firemen who attended a two weeks course at the University of Maine.

We have placed markers on a number of homes in Eliot. These markers indicate that an invalid, elderly or handicapped person lives there. Any person desiring one of these can contact any firemen and have a marker affixed to their house. This marker is a small circular sticker that is put on doors and windows. In case of a fire the firemen will know when they arrive that someone will need special attention. This is being done by most of the local departments in other towns and in case of out of town help all firemen will recognize this sign.

Our Ladies Auxiliary has been active this year raising money for various needs. Our Junior Firemen have been very busy both professionally and socially. They have taken courses and have sponsored money making endeavors.

Five hydrants have been raised to meet the proper requirements. Which are: Five hydrants were raised to allow for a twenty-four inch discharge above ground level. This was done by the Kittery Water District at a cost of \$408.00 per hydrant. We hope to have two more done next year.

Perhaps many of our citizens do not know what they own in the way of fire equipment. The following is a list of our major properties:

Engine No. 1, 1947 Ford; 500 gal tank truck; 250 gal. per minute pump; 1 Scott air-pak; Resuscitator; 4 ladders; 1,250 ft. of 1½" hose; 200' booster hose; 1 750 Watt light plant.

Engine No. 2, 1939 Seagrave; 500 gal. per minute pumper; 1,350 ft 2½" hose; 850' ft of 1½" hose; 250' booster hose; 1 Scott air-pak; 3 ladders.

Engine No. 3, 1950 International; 800 gal tank truck; 250 gal. per. minute pump; 550' 1½" hose.

Engine No. 4, 1942 Mack, 500 gal. per minute pumper; 1,000 ft. of 2½" hose, 700 ft of 1½" hose; 200 ft. booster hose; 2 Scott air-pak; 1 175 gal. per minute portable pump; 1 300 watt light plant; 1 ladder.

All these trucks carry coats, boots, helmets, nozzels, wrenches, rope, first aide kits, blankets, stretchers, hand lights, fire extinguishers, Indian tanks, and other miscellaneous equipment. These four trucks also have two way radio communication.

Respectfully submitted.

ELWYN G. ZAMARCHI

Fire Ward

---

## Report of Eliot Civil Defense Unit

The year of 1960 has been a fairly good year for the Eliot Civil Defense Unit once again. We have now purchased many thousands of dollars worth of equipment for the town and our problem of a headquarters still exists. We certainly are in hopes of securing a suitable building this year. Storage of all of this equipment has been a problem.

The Eliot Civil Defense Unit has sponsored first aid classes for adults, Home Nursing to High School students and Morse Code training to boy scouts along with its regular duties.

We are now planning a radiological training class for all persons in the town who are interested in such a course. Several people in the Civil Defense Unit will attend this course and I am sure it will be beneficial to all. Mr. John Raitt and Mr. Walter MacDonald will be the instructors.

Please consider your Civil Defense Unit for what it is, it is an emergency unit which may assist the town's people in many ways, such as emergency conditions, planning as to the protection of life and property prior and during hurricanes, weather information and predictions, emergency radio communications, emergency transportation and radiological background counts each week (which is for the town's people protection).

I want to thank the entire Civil Defense Staff and members for their fine work in 1960 and also the Eliot Extension Unit, The Eliot Health Council and the Eliot Red Cross Group.

117ff94

Here's for a better year in 1961 to all.

Respectfully submitted,

EDWARD H. VETTER  
Civil Defense Director  
Eliot, Maine

---

## Report of the Eliot Health Council

To the Citizens of the Town of Eliot, Maine:

I herewith submit the annual report of the

### Eliot Health Council:

This year the Eliot Health Council voted to sponsor a speech therapy program in your school system with the approval of the members of the School Board, with the result that about 25 children are receiving assistance in speech difficulties.

The program was introduced last October with Mrs. Charles E. Powell in charge of arrangements assisted by the staff of the Portsmouth Rehabilitation Center. A speech therapist from the center conducts classes every Tuesday during school hours on a self paying basis. The result of the service has been most gratifying.

The clinic room set up last year in the primary school under the sponsorship of this organization has proved its worth and a few more articles for that area have been purchased. These include such articles as blankets, dressing screen, and bed paper for the cot. At the present time portable shelves are being constructed for storage and a committee is investigating the possibility of purchasing balanced scales for use in school physicals. The Civil Defense Unit has loaned several articles which have been most useful. Mrs. Kenneth Moulton heads the committee in charge of this project.

The monthly meetings of the Well Baby Conferences, for pre-school children have continued throughout the year. They are held on the fourth Thursday of each month in the vestry of the South Eliot Methodist Church with Dr. Thomas S. Conroy of Portsmouth in attendance. He is assisted by Mrs. Marea L. Clements, public health nurse, and Mrs. Harry A. Walker R.N., conference chairman, and members of the council.

Physical examinations, smallpox vaccinations, whooping cough, diphtheria and tetanus inoculations and polio immunizations are offered at the clinic. All records are strictly confidential and are turned over to the school department when the child is old enough to attend, thus keeping health records from infancy through the grades intact.

Under the chairmanship of Mrs. Kenneth Moulton assisted by Mrs. Wilbur H. Place and Mrs. Robert W. Allain, 165 pupils of grades 3 and 6 and the high school received physicals this year. This program is offered annually and takes in all pupils who participate in athletics.

Mrs. Sherman L. Pelton, dental chairman, reports the annual sodium fluoride application project was held again this year for pre-school children and those of grades 2, 5, and 8. Two dental hygienists from the State Division of Dental Health completed the work over a period of eight days. The program consisted of four applications of sodium fluoride, a dental prophylaxis, a mouth examination and a demonstration of proper tooth brushing methods for all the 92 children who attended. Every effort will be made to present the program again this coming year.

In times of illness the citizens of this town are invited to make use of our loan closet where such items as hospital beds, wheel chairs, crutches, bed tables and smaller articles needed in times of sickness are available. Mrs. Powell is caretaker of the closet and may be contacted at anytime. Another service offered by this council may be obtained from the council nutritionists, Mrs. Joseph T. Bishop and Mrs. Carleton Staples who may be consulted on diet

problems. Free literature on the subject is available.

In closing may we take this opportunity to thank Dr. Conroy for his outstanding assistance and cooperation and for the support of the townspeople in the programs we offer.

Respectfully submitted,

MRS. DOROTHY EVERSON  
Secretary

---

## Report of the Health Officer

To the Selectmen and Citizens of Eliot:

I hereby submit my report as Health Officer for the year ending January 31, 1961.

The following contagious diseases were reported:

Chicken Pox .....	13
Measles .....	42
Scarlet Fever .....	5
Mumps .....	1
Diphtheria .....	1
Whooping Cough .....	2
Meningitis .....	1

A much better report could be made if the doctors and parents would report all cases of contagion.

There were eight cases of dog bites reported and investigated.

I have been available in the clinic room at the primary school two mornings a week, Mondays and Thursdays from 8:15 to 9:15 for parents who wish health certificates for their children's readmission to school.

The following immunizations were given at the annual clinics held last spring. They were: diphtheria, whooping cough and tetanus 117; diphtheria and tetanus 13; smallpox vaccinations 44; first, second and third polio 253.

I will hold my first clinic in March with the usual immunizations to be given.

The State Department of Health and Welfare approved the reappointment of Daniel Kroska as Plumbing inspector and Wesley Remick as alternate Plumbing inspector for this year.

I would like to thank the former health officer Helen R. Vetter, the members of the Health Council, Mrs. Clements, the principals and teachers for helping me assume and carry out the duties of health officer.

Respectfully submitted,  
ANITA J. SHEA, R.N. (Mrs.)  
Health Officer  
Eliot, Maine

---

## Report of the Public Health Nurse

Public health, in simple terms, is the sum total of the health of individuals and families living in a community. An organized program for public health is one that offers those individuals and families

every possible chance of living and enjoying life, free from the handicaps of preventable disease and disability.

In more formal terms, the objective of a public health program is to bring to all the people the benefits of modern medical and related sciences including the care and rehabilitation of the sick and disabled, the promotion of healthful living, and the prevention and control of disease.

A number of people are involved in the attaining of this objective. All together they make up a "health team." The public health nurse is an essential member of this team. She shares in planning and action with other workers in the fields of health, education, and welfare; with physicians, hospitals, clinics; with school personnel; with citizen groups. One of her important functions is coordination with the others involved to provide public health services to individuals, families, and community.

Citizens of the community are also essential members of the health team. Alert to the health needs of their community, taking their share of responsibility to meet these needs, their contribution as health workers is indispensable to the effectiveness of the public health program. A vital, dynamic, working "health team" in the local community strengthens the public health not only of that community, but also of the State and the Nation.

Eliot's health team is made up primarily of your health council; Doctor Conroy, the physician for school programs and the child health conferences; Mrs. Shea, health officer; school personnel and your public health nurse. It has been a busy year

with excellent cooperation from each member of the team.

In January one hundred and forty-two audiometer tests were given by your public health nurse. The hearing of the second grade pupils and all students referred by the teachers as possibly hard of hearing were tested. Parents of those found to have a hearing loss were notified of the results and need for examination by a doctor.

Nine child health conferences were held at the South Eliot Methodist Church. Here 31 babies and 84 preschool children were given at least one physical examination by Doctor T. S. Conroy. Any deviation from normal was explained to the mother and she was referred to her family physician for treatment. Twenty-seven first smallpox vaccinations and six revaccinations, 25 initial and 42 boosters immunizations for whooping cough, diphtheria, and tetanus, plus 34 third and 35 fourth polio inoculations were given.

Pertinent information obtained from child health conference records was used to complete school health records at preschool registration in the spring. Your public health nurse attended this for the first time this year. It seemed a very worthwhile experience as she had an opportunity to talk again with many mothers before this vitally important step in the child's life. To start school a child should be physically fit and protected as well as possible from disease.

The regular school physical program which includes an examination of each pupil in grades three, six, nine, 12 and athletes was completed in Novem-

ber. One hundred sixty-five students were examined. These are check-ups only, again children are referred to the family physician for evaluation and treatment. Abnormal conditions found were: enlarged tonsils, heart murmurs, undescended testicle, wax in ears, deafness, albumen or sugar in urine. Notices were sent to parents if further attention was needed.

Re-examination for visual acuity of 25 pupils was done by your public health nurse at school. These were referred by the teachers as questionable. After a conference between the nurse and teacher parents were notified if examination by a doctor was needed.

Clinics used to supplement the work of the team and private physicians have been begun. The list includes State of Maine Cardiac, Crippled Children's Clinics, Service for the Blind, and special clinic for preschool children held in Waterville; Cystic Fibrosis and Tuberculosis Clinics at the Maine Medical Center, a chest x-ray clinic at York Hospital established by your York County Tuberculosis Health Association and Crippled Children's and Tuberculosis Clinics at Portsmouth.

Your public health nurse is frequently the connecting link between those in need of care and the care itself. This is accomplished by visits to the homes. Some may be for health supervision of the baby or preschool child and some for follow up of the local programs and clinics previously described. Wherever she visits her aim is good health for all members of the family.

Your Eliot Health Council has participated in

nearly all phases of this program. A more detailed account of their activities will be found elsewhere in this report. May I take this opportunity to thank them and all other members of the team as well as the York County Tuberculosis and Health Association for their cooperation this past year.

Respectfully submitted,

MAREA L. CLEMENT, R.N.

Division of Public Health Nursing

---

## Report of the Superintendent of Schools

To the Superintending School Committee and Citizens of Eliot:

In compliance with Paragraph 3, Section 87 of Chapter 41 of the Revised Statutes of 1954, as amended 1955, I herewith submit the annual report of the Superintendent of Schools.

The annual report as submitted herewith again makes history as it is the first report of the town of Eliot as a part of the new School Union No. 5. On July 1, 1960 the towns of Eliot and South Berwick became a separate school union. This arrangement has proved to be very satisfactory because of the fact that more time of the superintending of schools has been made available for these two growing and expanding communities.

Schools began, technically speaking, on Mon-

day, September 5, 1960, for the opening of the new school year. As this was a legal holiday, the doors of the schools were not actually opened until the following day, Tuesday, September 6. On this date the teachers of Eliot met for a morning meeting with the Superintendent of Schools and other teachers of School Union No. 5 at the So. Berwick Civic Center. After the morning meeting, the Eliot teachers met with their principals for special planning and organization. The afternoon was devoted to preparations for the pupils who began work on Wednesday morning, September 7, 1960.

We have had a very successful year beginning September 1960 because of the very low turnover of teachers. New teachers in Eliot this year are as follows:

Clifton Wing of Sudbury, Mass.

Mrs. Roberta Day of Kittery, Maine.

Mrs. Jane Spinney of Eliot, Maine.

Mrs. Carolyn Walden of Unity, Maine.

Wayne L. Moore of Corinna, Maine.

Donald J. MacLane of Auburn, Maine.

Eugene H. Whitney of Norway, Maine.

Patricia A. Brown of West Baldwin, Maine.

Of the new teachers, one is new because of the expanding enrollment in the lower grades which has now reached into the fifth grade. The new teachers have all adapted themselves well to the Eliot school system. Statistical data pertaining to the teachers are as follows:

#### ELIOT HIGH SCHOOL

Teacher	— Position	Training	Yrs. Tng.
David P. Pierce,	Principal	U. of Me., M.A.	5

## INSTRUCTION

Standardized achievement tests supplemented by teacher's judgment show that the pupils are making good progress in practically every level of schooling in Eliot. Emphasis is being placed on the so called fundamentals of Education. The strong reading program instituted in the lower grades has become well established. The results are discernible through the first five grades of the elementary school program.

A very commendable job has been done by the several principals and subprincipals in laying out the objectives and plans for the different pupils in the different schools in Eliot. It is the first time an effort of this kind has been made in the lower grades. This has been a noteworthy effort, and it will meet with hearty approval.

These reports from the several schools will be available to the public in the near future, and it is my thought that the citizens of Eliot will be well pleased with the studies which may be designated as a combination of manual, curriculum guide, and the philosophy of the school. These handbooks will be reviewed and improved from time to time and become a regular part of the educational system of Eliot for the elementary grades and the High School.

## TEXTBOOKS

Textbooks in general are in good condition and adequate. Teachers are emphasizing to the pupil the need of proper care of books as they cost money. The budget will provide for the replacing of those texts which become obsolete and for the sup-

plementing of those texts which are needed by any new pupils coming into the school system.

### CONVEYANCE

A complete survey of the conveyance services was made during the fall term. In connection with this study the School Board reduced the number of bus stops by approximately one-third. The main objective for this change in policy was to save time, wear and tear on the bus from unnecessary starting and stopping, and possibly a small saving in gasoline. The parents have been very cooperative in this effort to improve the conveyance services. Every little helps in a project of this size. The time may come when further improvement may be obtained by the strategic placing of bus shelters for the convenience of pupils transported to schools.

The plan for replacing an old bus for a new one should be continued for the coming school year. A special article will provide an opportunity for the town to vote on this item.

### BUDGET

The budget will show an increase over the previous year due largely to the increased cost of services, such as instruction. This is to be expected. A new teacher has been added to the staff this year, and the full expense of this educational improvement is reflected in the budget.

Administration is budgeted on a different basis than in previous years due to the fact that there are now two towns in the union instead of four. Another reason is because of the accepted plan for

grouping under the title of Administration such items as the salary of the superintendent of schools, the salary of the secretary, the salary of the School Board, and Eliot's share of the prorated expenses of the Union office.

The item in the budget labeled "Bills Payable" is due to the fact that there were not enough funds to pay for these bills. The same is true of the item labeled "Social Security." This shortage was due to the fact that with good intentions the Budget Committee overestimated the Federal resources by approximately \$8,000.00. However, with judicious spending and two back payments on Federal subsidy, the shortage was reduced to about \$3,800.00.

The budget estimate for Federal subsidy was \$32,-987.00. Actual receipts during the fiscal year ending February 10, 1961 were as follows:

January 10, 1961	\$25,183.00
October 17, 1960	1,530.76
September 8, 1960	2,475.85

This made a total of \$29,189.61.

Again it is my strong recommendation that only those funds be budgeted which we can actually count as dependable resources. Budgeting a resource on what Congress may do, or the State Legislature may do, is not the best way of doing business as I see it. The results of this type of budgeting is clearly evident. It has not only increased the necessary appropriation for the coming year, but it has also deprived us of certain items which would have been purchased for school use as originally planned. The budget is as follows:

## ELIOT SCHOOL DEPARTMENT

## ELIOT, MAINE

## BUDGET 1961 - 1962

ITEM	Actual Exp. Estimated Exp.	
	1960-61	1961-1962
Instruction	\$159,016.74	\$170,670.00
Janitor	14,150.83	15,135.00
Conveyance	7,269.51	7,600.00
Fuel	4,845.72	5,000.00
Textbooks	5,778.97	5,700.00
Supplies	9,438.59	8,800.00
Utilities	7,638.05	7,750.00
Administration	3,307.40	5,600.00
Insurance	1,690.97	2,300.00
Repairs, Soc. Sec., Misc.	5,759.59	2,884.00
Equipment	5,666.61	5,486.00
Bills Payable, General		2,193.75
Bills Payable, Soc. Sec.		549.01
GRAND TOTALS	\$224,563.00	\$239,627.76
LESS ESTIMATED RESOURCES:		
Balance 1960-61	\$ 216.22	
State Subsidy	62,445.00	
Federal Subsidy	26,000.00	88,661.22
		(150,966.54)
APPROPRIATION NECESSARY		\$150,965.00
LAST YEAR:		
Maintenance	\$128,450.00	
Special Accounts	10,445.00	
	\$138,895.00	

1. A balance of \$6,297.23 last year was well received. A similar balance would have been very helpful this year.

2. In view of the Budget Committee's recommendation of an appropriation of \$142,000, the School Board has agreed to go along with this estimate with the understanding that it may be necessary to hold a special town meeting to appropriate more funds.

## SCHOOL BUILDINGS

The time has come when an addition should be built on to the Eliot High School. The need for more Industrial Arts space and for more space for the Sciences is imperative. It should be borne in mind that the Eliot High School building is essentially the same size as when constructed in 1940. The high school enrollment has increased since that time, and it is going to increase more. A survey shows that it should approximate a figure of 300 pupil enrollment within a ten year period.

It would be my recommendation, as I have stated on several occasions, that the High School, Gymnasium, and Primary School, should eventually become a Junior-Senior High School unit with a separate elementary school building for the first six grades constructed on the so-called Hammond lot. This would be a gradual extension of the school facilities and could be financed on a long range basis in harmony with long range planning. Planning of this type may be arranged so that proper educational facilities may be provided for the so-called "Space Age", and at the same time the tax rate kept at a level that citizens can live with.

This report is followed by one from the High School principal, the Elementary Supervisor, and the Public Health Nurse. There is also a financial statement of the Eliot school system.

We have made successful educational progress in the past year. This success has been due to no one individual but to the cooperation of all the personnel in the school system. We are a team, and because every one has worked to make this team a success, we have had a good year.

I wish to express my thanks and appreciation to all those who have worked on this educational team, and also to the town officials, the Budget Committee, and all the citizens who have helped so much in so many ways. May I express my thanks to the School Board for their many hours of faithful work in helping to work out the problems as they have arisen and to plan wisely for the future.

Respectfully submitted,

HUBERT E. REDDING  
Superintendent of Schools

---

### **REPORT OF THE PRINCIPAL OF ELIOT HIGH SCHOOL**

To Mr. Hubert R. Redding, Superintendent of  
Schools:

Fortunately, most members of our Eliot High School staff remained with us this year, for continuance of our standards is dependent upon stability of the staff. I am, at the same time, impressed by the cooperation that we have received from our new music supervisor, Miss Brown; our two new teacher-coaches, Mr. Whitney and Mr. MacLane; and two new janitors, Mr. Rowan and Mr. Foote.

A gratifying number of our graduates each year enter college; a highly desirable number go on to other various schools of higher learning, which afford them the increased training necessary today.

Along with our curricular activities, we have

continued to round out our extra-curricular offerings. Conspicuous among our achievements this past year have been: our entry into the American Legion Oratorical Contest in which Edward Leavitt placed third in the state finals; two art exhibits—if you missed them, look for another in the Spring; the establishment of a local Chapter of the National Honor Society which gives recognition to students notable for a combination of scholarship, leadership, service and character; our safety council which, last year, was awarded a plaque as the most effective high school safety council in Maine; and our girls' basketball team which, as this is written, has not been defeated in three years.

I wish also to draw to your attention the outstanding display of civic responsibility shown by two organizations of our young men, which depend upon leadership outside the school, the Auxiliary Firemen and the Junior Police. I wish more citizens were aware of the responsibility shouldered and the civic pride felt by members of both of these organizations. All most of us need give to insure the continuance of these two youthful activities is our whole-hearted cooperation.

It is thought provoking, nevertheless, to find our school completely cut off from the rest of Maine by accredited high schools while ours remains merely approved. Whether or not our school becomes accredited, should we not soon provide part-time school librarian, guidance, home-economics, and physical education? More immediately, are we not still faced with an acute housing problem which can be solved only by construction or by double sessions?

Thank you again, all who have helped us, especially those who have run our little errands, studied our problems to suggest proper solutions, or cheerfully paid their taxes.

Respectfully submitted,

DAVID P. PIERCE

Principal

---

**REPORT OF  
SUPERVISOR OF CENTRAL SCHOOL,  
LAURA V. DAME SCHOOL  
AND  
PRIMARY SCHOOL**

To Mr. Hubert E. Redding, Superintendent of  
Schools:

I herewith submit my report of the Elementary  
Schools Activities for the year 1960-1961.

School opened September 6th with a total enrollment of 642 pupils. This was an increase of 38 pupils from the previous year.

The following is the enrollment as of September 6, 1960:

Grade	Teacher	Pupils
Sub Primary	Mrs. Verna Staples	42
Sub Primary	Mrs. Spurr	39
1st	Mrs. Smith	31
1st	Mrs. Dufresne	30
1st	Miss Wentworth	29
2nd	Mrs. Blaisdell	26

---

2nd	Mrs. Titcomb	27
3rd	Mrs. Patterson	21
3rd	Mrs. Redding	21
3rd	Mrs. Carter	20
4th	Mrs. Chandler	26
4th	Mrs. Morrill	26
4th	Mrs. Wiechert	25
5th	Mrs. Spinney	23
5th	Mrs. Walden	24
5th	Mrs. Westman	24
6th	Mrs. Day	28
6th	Mr. Wing	27
7th	Mr. Baglivo	33
7th	Mrs. Butler	33
8th	Mr. Moore	30

---

Total

642 Pupils

This year for the first time we have a Speech Clinic in our school. The program is sponsored by the Eliot Health Clinic. There were 27 pupils recommended by the teachers to take this instruction. At the present time there are 15 pupils taking part in this activity. As the pupils progress and need no more instruction they are dropped from the list and other pupils are given an opportunity to participate.

There has been a great need for this type of instruction, and I feel that Eliot is very fortunate in having this service available from the Portsmouth Rehabilitation Center.

Miss Patricia Brown, our new music supervisor, has done an exceptionally fine job in organizing our music program. She has excellent ability for creating interest in the classrooms and holding it throughout the class period. I feel that the program has been greatly improved under her direction.

This year I have had the pleasure of working

with two very capable men, Mr. Wayne Moore, Sub-Principal of the Central School, and Mr. Robert Wing, Sub-Principal of the Laura V. Dame School. Each week we meet one night after school and discuss problems that arise in the schools. Because of this cooperation we have been able to have better understanding between schools and teachers.

We have compiled a school bulletin for parents which will be ready for distribution in the near future. This bulletin is something new for this school system. It is not perfect and will be revised from time to time as the need arises. We hope you will enjoy it.

Mrs. Shea, our school nurse, has made her services available at the school every Monday and Thursday morning from 8:15 A. M. to 9:00 A. M. for children who have been out sick. This has been a great advantage to parents, as well as to the teaching staff.

This year for the first time we have a night custodian. Because of this, the schools have been kept in much better condition than has been possible in the past.

At this time I want to extend an invitation to every parent and every citizen who is interested in our schools to visit our schoolrooms, so that they may know better what we, as your children's teachers, are trying to accomplish toward their education. Knowing you better and you knowing us will enable all of us to do a much better job.

In closing, I wish to thank the parents and the townspeople for their help this year. I especially

want to thank my teachers, the secretary, the bus drivers and our custodians, for their excellent co-operation.

To the School Board and to Mr. Redding, I wish to express my appreciation for their help and understanding during the school year.

Respectfully submitted,

WILLIAM L. FREESE

## Report of the Eliot Sesquicentennial Committee

The Committee submits the following report and accounting of the Sesquicentennial Celebration held August 12, 13, 14, in commemoration of the one hundred fiftieth anniversary of the incorporation of the Town of Eliot in 1810.

The three day celebration was exceptionally well attended and received considerable newspaper and television coverage, all of which presented the Town most favorably as a fine place to live, the friendliness of the townspeople and the historical background.

The Sesquicentennial Celebration Account was expended as follows:

Appropriated	\$ 1,200.00
Expenditures	
Decorations:	
The Flag Shop	\$ 535.78
Music and dance:	
James McMullen, Jr.	35.00
Portsmouth City Band	125.00
Granite State Highlanders	100.00
James H. Wicks	25.00
Printing:	
Manley Offset Company	54.20
Portsmouth Herald	11.25
Insurance:	
The Wiggin Agency	25.00
Lunn Insurance Agency	22.95
Bus drivers:	
Fred Goul	4.38
Walter Hoyt	6.88
Busses (gas)	
Bruce Cities Service	5.28

Janitors and janitress:	
Walter Hoyt	24.37
Mrs. Grace Morse	36.25
Wilbur Plaisted	27.75
Police:	
Weldon Steeves	33.75
Norman Hanson	7.50
David Emery	7.50
Frank Emery	3.75
Raymond Grover	20.00
Total Expenditures	<u>\$ 1,111.59</u>
Balance	\$ 88.41

### Committee Receipts and Expenditures

Receipts:	
Banquet tickets	\$ 789.60
Souvenir plates	750.00
Balloons and bonnets	97.56
Tonic	30.15
Total	<u>\$ 1,667.31</u>
Expenditures:	
Hicks — Treadway	\$ 792.79
Float prizes	30.00
Express on plates	19.27
Plates	446.83
Balloons and bonnets	77.25
Molly Bartlett (fliers)	5.73
Phone calls, telegram	9.60
Loughlin Bottling Company	27.33
Bureau of Taxation	26.57
Total	<u>\$ 1,435.37</u>
Balance on hand	\$ 231.94

The Committee proposes to use the unexpended balance of \$231.94 resulting from the various concessions for the compilation and printing of brochures containing the highlights of the celebration which will be available to the Townspeople at a moderate cost.

The members of the Committee wish to express their appreciation for the opportunity to work on this important event in the Town's long history and to further express their gratitude to the many town, church, club, and fraternal groups and individuals who, through their assistance and cooperation, helped to make the task pleasant and rewarding.

The Committee suggests that in the future should a similar event be proposed that preliminary planning be undertaken far enough in advance so that the matter can be brought to the attention of the Townspeople at the regular town meeting rather than to require a special meeting as was held in this particular instance.

Respectfully submitted for the Committee

ADVILL A. SPINNEY, Chairman

Town Clerk - Mary Marston  
Treasurer - Mildred Place

2 Selectmen - Harold Dore - 461  
Oleand McPherson - 341

Sec. of Board - Cecilia Morse - 396  
Mar Mahan - 261

## Warrant for Town Meeting Eliot, Maine

York, ss

To Percy L. Day, Constable of the Town of Eliot:

Greetings:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Eliot, in the County of York, qualified by law to vote in town affairs, to meet at the Town Hall in said town on Saturday, the eighteenth day of March A. D. 1961, at ten o'clock in the forenoon, then and there to act on the following articles, to wit:

FIRST—To elect a Moderator to preside at said meeting. *Rufus Jasper*

SECOND—To elect, namely a Town Clerk, Tax Collector and Excise Tax Collector as a Combined office; two Selectmen, Assessors and Overseers of the Poor for a term of three years; a Treasurer; a member of the School Committee for a term of three years; a Fire Ward; a Road Commissioner; and a Constable.

The polls will be opened at ten o'clock in the forenoon and will be closed at six in the afternoon.

The meeting will be adjourned to the High School Multipurpose room at seven-thirty o'clock in the afternoon.

*(199.25 was used to pay the field account)*  
THIRD—To accept the reports of the Selectmen, Assessors and Overseers of the Poor, and other Town Officers and to ratify and approve their doings for the preceding year. *not accepted*

*total income of school 53.54.55 31-51-53 in*  
FOURTH—To see if the Town will vote to raise and appropriate a sum of money for the support of the Poor.

The Budget Committee recommends \$300.00 *yes*

FIFTH—To see if the Town will vote to raise and appropriate a sum of money for Aid to Dependent Children.

The Budget Committee recommends \$435.00 *yes*

SIXTH—To see if the Town will vote to raise and appropriate a sum of money for Contingent Expenses.

*change to \$5600.00*  
The Budget Committee recommends \$6,100.00 be raised and \$412.47 taken from veterans tax exemptions. State Refund. *yes*

SEVENTH—To see if the Town will vote to raise and appropriate a sum of money for Repairs of Roads and Bridges.

The Budget Committee recommends \$5,500.00 *yes*

EIGHTH—To see if the Town will vote to raise and appropriate a sum of money for Cutting and Burning Bushes along its highways.

The Budget Committee recommends \$240.00 *yes*

NINTH—To see if the Town will vote to raise and appropriate a sum of money for Snow Removal and Winter Maintenance of Highways.

The Budget Committee recommends \$5,000.00 *yes*

TENTH—To see what sum the Town will raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for the care of Ways, Highways and Bridges) under the provisions of Section 44, 49 or 50, Chapter 23 R. S. 1954 as amended. *changed to \$2,390.00*

The Budget Committee recommends \$1,195.00 *changed to \$1,195.00*

ELEVENTH—To see if the Town will vote to Raise and appropriate a sum of money for Tarring Roads.

The Budget Committee recommends \$5,000.00 *yes*

TWELFTH—To see if the Town will vote to raise and appropriate a sum of money for State Highway Maintenance (Road Patrol).

The Budget Committee recommends \$207.20 *yes*

THIRTEENTH—To see if the Town will vote to raise and appropriate a sum of money for Maintenance of the Town Dump. *yes*

The Budget Committee recommends \$900.00

FOURTEENTH—To see what action the Town will take regarding an increase in the Salary of the Road Commissioner.

The Budget Committee recommends \$300.00 *yes*

FIFTEENTH—To see if the Town will vote to raise and appropriate a sum of money for the Salary, Car Allowance and Social Security of the Road Commissioner.

The Budget Committee recommends \$3,623.00 be raised and \$800.00 be taken from roads and other credits *yes*

SIXTEENTH—To see if the Town will vote to authorize the trade-in of the 1956 Ford Dump Truck and body for a new 1961 2½ Ton Truck and body and authorize the Selectmen and Treasurer to take a sum of money not to exceed \$3,900.00 for the same from the Road Equipment Reserve Fund.

The Budget Committee recommends YES *yes*

SEVENTEENTH—To see if the Town will vote to raise and appropriate a sum of money for Liability Insurance (Workmen's Compensation) for all Town Employees.

The Budget Committee recommends \$811.00 *yes*

EIGHTEENTH—To see if the Town will vote to authorize the Selectmen to deposit in the Road Equipment Reserve Fund the unexpended earnings of the Ford and GMC Dump Trucks, amounting to \$3,140.78, the Payloader, Case tractor and loader, and grader, amounting to \$530.48, and the Bulldozer amounting to \$520.21.

The Budget Committee recommends YES *yes*

## Auditor's Report

February 22, 1961

Board of Selectmen,  
Town of Eliot,  
Eliot, Maine.

Gentlemen:

In accordance with the provisions of Chapter 405, Section 26, of the Public Laws of 1957, and at your request, we have made an examination of the books and records of the Town of Eliot for the municipal year ended February 10, 1961.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. Insofar as could be ascertained within the scope of the examination, the financial affairs of the Town appear to have been properly handled, with such exceptions as may be noted in the accompanying comments.

In our opinion, the accompanying exhibits and schedules fairly present the results of the financial operations of the Town for the period designated, in conformity with generally accepted municipal accounting principals applied on a basis consistent with that of the preceding year.

Very truly yours,

JOHN L. ALHEIM

Certified Public Accountant.

**COMMENTS****CASH ON HAND AND IN BANKS           \$43,481.51**

The cash balance was checked and ascertained to be in agreement with the amount on deposit. Independent request for confirmation had not been received from the Community Trust Company at the time of this report.

**ACCOUNTS RECEIVABLE                       \$   800.00**

This item represents an amount due general funds from the Road Equipment Reserve Fund, which had not been transferred at the time the books were closed.

**UNCOLLECTED TAXES                       \$   370.19**

Taxes committed to the Tax Collector were checked and after some adjustments were found to have been accounted for either in cash, abatements, deeds, or remaining outstanding on the Collector's records. The detail of unpaid taxes is set forth in Schedules 1 and 2 and consist of personal property and poll taxes not subject to deed action at the close of the fiscal year.

Mail requests for confirmation were made of 22.6% of unpaid taxes, computed on a dollar basis, such confirmations being made concurrently with that of tax deeds.

**TAX DEEDS                                       \$ 8,902.16**

All payments on tax deeds as evidenced by Treasurer's receipts were checked and found to be credited to the proper items after certain adjustments were made. The detail of this account appears in Schedule 3 which reveals a \$2,700.00 reduction

from last year, the result of an energetic collection campaign.

Independent request for confirmation was made of 80.8% of the deeds listed in this schedule as computed on a dollar basis.

**TRUST AND RESERVE FUNDS** **\$25,244.73**

Activity in the various trust, sinking and reserve funds during the year under review, has been outlined in detail in Schedules 8, 9, 10, 11 and 12 annexed to this report. In accordance with the vote on Article 56 of the last annual town meeting, two of the perpetual cemetary care funds were transferred to the Mount Pleasant Cemetary Association during the period.

**ACCOUNTS PAYABLE** **\$15,711.69**

Unpaid obligations of the Town at the close of the fiscal year amounted to \$15,711.69 and because of their size and complexity, a separate Schedule 4 has been added to this report. In addition to the usual social security and withholding taxes unpaid, the bulk of the account consists of abatements made to two power companies over 1959 and 1960 taxes along with the legal and technical expenses incurred in working out the settlement. A complete analysis of the transaction appears in Schedule 4.

**DEFERRED REVENUE** **\$15,101.78**

Unapplied excise taxes, for the taxable years 1960 and 1961 make up the foregoing amount. An analysis is presented in Schedule 5.

**WOODLAND ACRES DEVELOPMENT** **\$ 1,494.84**

Assessments collected for sewerage, offset by certain charges have been accumulating in this ac-

count for the past few years. Under the year under review, the sum of \$3,500.00 was withdrawn from the account and transferred to a time deposit which earned \$82.02 in interest. A presentation of the fund is given in Schedule 8.

**DEBT FUND****\$130,737.00**

During the fiscal year notes in the amount of \$8,000.00 were paid and bonds totalling \$18,000.00 retired. Cancelled notes and bonds were examined in support of these payments.

Within the same period new obligations of \$25,000.00 for notes to finance the completion of the new fire house and \$2,000.00 authorized for snow removal, were created, thereby increasing the overall debt of the Town by \$1,000.00 for the year. The lists of notes and bonds payable at the close of the year appear in Schedules 6 and 7.

**RESERVE FOR AUTHORIZED  
EXPENDITURES****\$27,055.04**

This account represents the collective amount of unexpended balances of departmental accounts, over overdrafts being carried forward to the ensuing year. Analysis of the individual amounts comprising the total, is presented in the Statement of Departmental Operations—Exhibit D.

**UNAPPROPRIATED SURPLUS  
(DEFICIT)****(\$ 5,956.58)**

The net beneficial gain resulting from current operating accounts lapsed, supplemental taxes, fees and interest as well as from the sale of town owned property, amounted to \$4,665.46. Offsetting this taxes and tax deeds written off as uncollectible, a transfer of funds to the Poor account voted at a

special town meeting, along with special and normal abatements of \$13,424.45, plus special expenses pertaining thereto of \$4,050.00, turned a net surplus at the beginning of the year of \$7,976.66 into a deficit of \$5,956.58, at the close.

The individual items are detailed in Exhibit C of this report.

### GENERAL

Corporate surety bonds issued by the American Surety Company of New York, covering the Treasurer and the Tax Collector, in the sum of \$10,000.00 each, were examined.

Excise taxes collected were verified by scrutiny of the copies retained by the Collector and were found to be in order after minor adjustments were made.

The overlay was ascertained to be in agreement with the legal limit of five percent of the appropriations, plus the county tax.

### RECOMMENDATIONS

In accordance with Chapter 311, of the Public Laws of 1957, we offer the following recommendations for improving the financial administration of the Town.

- (1) The wholehearted response to our recommendation of last year, resulted in the collection of \$6,668.95 of tax deeds, a considerable portion of which were for back years. Constant vigilance to these accounts will keep the balances down to a minimum. In this connection, it is noted that in certain accounts payments have

been accepted for recent years, when deeds are outstanding for many years prior to the year in which payment has been accepted. It would appear that the uniform practice would be to apply all payments against the earliest obligation first;

- (2) Painsstaking accuracy in the collection and reporting of taxes will yield good dividends in accounting for such revenue throughout the year.
